

ELGIN NATIONAL WATCH COMPANY

ELGIN, ILLINOIS Sept. 15, 1937

Mr. David F. Thomas,
Proctorville, OHIO.

Dear Sir:

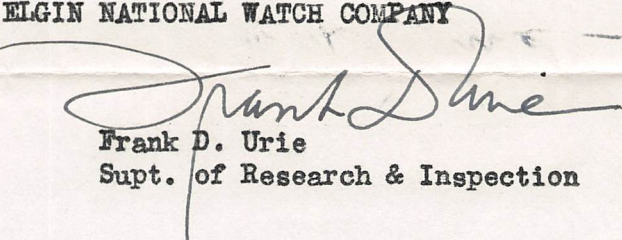

We wish to acknowledge your card of Sept. 11, 1937, telling us about your reception of time signals from our experimental station W9XAM. This station operates on a frequency of 4797.5 kcs. and transmits time signals from the Elgin Observatory, a description of which may be found on page 26 of the enclosed booklet.

Inasmuch as the transmissions of this station are of an experimental nature, the schedule of time signals given in the booklet cannot be guaranteed.

We thank you very much for your interest in this matter and will be glad to receive any further reports you may have to make.

Yours very truly,

ELGIN NATIONAL WATCH COMPANY

Frank D. Urie
Supt. of Research & Inspection
