Dear Mr. Thomas:

We wish to thank you for your comment on our opening program. It is very encouraging to receive a message such as yours. Instead of trying to put on an outstanding program which it would be impossible for us to maintain, we attempted to give our audience an all round good program such as will continue during the winter.

Messages from our unseen audience are of great assistance to us in arranging our programs. We hope you will continue to let us know how you like these broadcasts. We hope we will be able to please you and that WEEI will always be one of your favorite stations.

Cordially yours,

Superintendent of Broadcasting.
