The
PIANO
Teach Your Child To play It

COPYRIGHT 1927 BY W. H. DOYLE

You hear a PIANO on your radio every time you tune in

The Piano is the foster-mother of music, the most useful of all musical instruments. Out of the air comes this message to you, Get a Piano and play it **YOURSELF**. Tedious old methods of learning are gone. New methods are surprisingly easy. Ask

your dealer about them. And with the modernized Playerpiano you have the thrill of musical self-expression with no preparation at all. Teach your child to play a Piano for future popularity and social success. It provides a rare advantage.
