

Published Monthly excepting July

Price, \$1 per year by subscription in the United States.

Editorial

We take pleasure in presenting the GLOBE CIRCLER in a new form at this time. We trust that this will be the beginning of a new era in the history of the I.D.A. We will not only be able to give you all the regular features, but will be enabled to include photographs, and circuits, etc. As our organization continues to expand, we will also add more pages to this booklet and endeavoring, with your cooperation, to always make it more complete and useful. In order that we may be able to get the B.C. in the mail on the first day of the month, we must ask that all material and reports be in this office not later than the 20th of months preceding date of issue.

FIRST LOCAL I.D.A. BRANCH

We are pleased to announce the establishment of the first local I.D.A. branch in the city of Toledo Ohio. Charter I.D.A. members are as follows: Messrs S.R. Lewis, Clarence Meader, R.G. Ludwig, Glen Windisch, R. J. Southward and Jack Land. The Cooperation of leading Toledo papers has been promised. Regular DX Meetings and parties are planned. Also they plan a mimeographed sheet concerning the local dx'ing exploits of the club. According to a new I.D.A. ruling, whoever is chosen as Mgr. of this local club, will also automatically become Asst. Director of that I.D.A. District, in charge of the state of Ohio. All cooperation will be given these local clubs, and supplies needed will be furnished, by headquarters. Several other cities are nearing a local membership of five members, which is necessary for a branch charter.

I.D.A. STATIONERY AVAILABLE

The new Two-color I.D.A. letter-heads are now available, but as the supply is being diminished at quite a fast rate, we would suggest your putting in your order immediately. Prices: Per fifty sheets, 40¢. Per one hundred sheets, 70¢. Per two hundred sheets \$1.20; all prices post-paid.

Francis Wiseman
EUROPEAN
REPRESENTATIVE

I.D.A. OFFICIALS.

Presenting to you Mr. Francis Wiseman of Newcastle on Tyne, Eng in charge of all IDA affairs in Gt. Britain and Europe. Under the very capable management of Mr. Wiseman 40 members have already been enrolled in this territory.

Mr. Wiseman's latest stunt is the issuance of a little mimeographed booklet called the B. G.C. (British Globe Circler) which in reality is a supplement to our G.C., with local radio news added. Any IDA member may get copies of the B. G.C. by sending Mr. Wiseman a 5¢ U.S. stamp, as these are in demand there

JOE STOKES AT KDKA MIKE

IDA member Joe Stokes is now conducting the DX Period, for the KDKA DX CLUB, at 11:30pm CST, each Sunday night over KDKA, 980kc/s; and Short-wave station W8XK, 48.83 meters. These periods bring you the DX Tips, and important news from all the leading DX Clubs. I.D.A. MEMBERS IN FOREIGN COUNTRIES, PLEASE LISTEN FOR W8XK, AND SEND US, AND MR. STOKES REPORTS ON YOUR RECEPTION. --Address Mr. Joe Stokes, KDKA DX CLUB, Pittsburgh, Pa.

I.D.A. OFFICIAL STAMP EXCHANGE

Ralph Schofield, Missoula, Montana has started a Stamp Exchange for the benefit of I.D.A. Members, and other dx'ers wishing to secure or exchange Foreign stamps. By making use of this new department, a considerable amount can be saved over the purchase of International Reply Coupons. All wishing to purchase, or exchange foreign stamps, address Mr. Ralph Schofield, THE WILMA PLUNGE, Missoula, Montana.

EARLY GLOBE CIRCLERS IN DEMAND

Anyone having early issues of the G.C. they would like to sell, kindly get in touch with headquarters.

According to Experts, the year of 1934 will bring maximum DX on BCB.

THE BEST CATCH'S OF FEBRUARY

In our estimation the best verifications received during the last 30 days are in order of importance as follows: Mr. C.H. Long, Winston, Missouri with a veri' from JOCG, (300w) of Japan. Mr. Robt. Rosenberger, with a veri' from 7LA, (300w) of Tasmania. Mr. Alex Taylor, Montrose, Scotland with veri' from KROW, (500w) of Oakland, Calif. Mr. Evan B. Roberts, Danvers, Mass., with veri's from Lille, (5kW) of France, and Lyons (La Doua), (15kW) of France. Mr. Chas. Hesterman, Saskatoon, Sask, Canada, with a veri' from P.P. (60kW) France

THE HONOR ROLL FOR MARCH

NOTE: We are listing our regular Honor Roll this month. Next month we will again give you a list of verifications received by districts. -Ed.

Frank Farr	1X	Eng.	WLTH. Loses KDKA to K. Judd.	

SPECIAL DEGREES.

The proposed new Degree Requirements, as listed in the last Globe Circler have met with such unanimous enthusiasm, that we have decided to adopt them, starting at this time. Those having received Degrees under the old ruling, are still officially recognized, the new ruling will only affect those applying for degrees from this time on. No changes, as yet have been proposed in regards to our foreign members, degree requirements. Following is a list of members, now becoming eligible for degrees.

TP DEGREE:	H.P. Allen, Philadelphia, Pa.	S. Walmsley, Los Angeles, Cal.
	H.R. Jordan, Colo Springs, Col.	C. Hesterman, Saskatoon, Sask.
	F.L. Biss, Brittmount, Minn.	Don H. Townsend, Fallon, Nev.
	W.H. Ansell, N. Regina, Sask.	W.G. Reichardt, Reading, Mass.
	R. Hunt, Encinitas, Cal.	
	H.G. Gosney, Redondo Beach, Cal.	
	Trygve Njaa, Hillsboro, N.D.	
TA DEGREE:	W.G. Reichardt, Reading, Mass.	R.T. Coales, Southsea, England.
	Evan B. Roberts, Danvers, Mass.	A.B. Walker, Princeton, N.J.
	C. Lord, Akron, Ohio.	Eddie Grant, N. Sydney, N.S.
	F.A. Johnson, Chicago, Ill.	Alex Taylor, Montrose Scot.
	R.M. Pybus, Manchester, Eng.	A.L. Hynes, Clarendville, Nfld.

NOTE: The customary issuance fee of 50¢ will be in effect on these Degree Certificates. We will be glad to issue Certificates to the above.

AROUND THE WORLD WITH THE BROADCASTERS

NEW STATIONS.

EUROPE	U.S.S.R.,	Minsk, on 1438kC/s, with 100kW/s.
	Germany	Flensburg with 1.5KW/s, will relay Hamburg on 904kC/s.
	Austria	Dornbirn, with 500 watts on 1294 kC/s.
	Holland	Radio Amsterdam, a commercial Xtr on 710kC/s, irreg.
	Portugal	Parade. Govt. Station open on 696kC/s, with 20kW/s.
	Poland	Torun, to start broadcasting in Midsummer.
SOUTH AMERICA,	Chile	Santiago, CE90 on 905KC/s, to increase power.
NORTH AMERICA,	Mexico	B.C., Tiajuana on 615kC/s. XEMZ.
	U.S.A.	New Hampshire, Laconia, 1310KC/s, 100 watts.
		Connecticut, Waterbury. 1190kC/s, 100 watts.
		California, Modesto, 71 kC/s, 250 watts.
		Pennsylvania, Erie, 1420kC/s, 100 watts.
		New Zealand, Christchurch, 1200kC/s, 500 watts, 3YL.

AUSTRALASIA

CHANGES

EUROPE	Poland	Poznan, on 868kC/s, 1.7kW/s, will get power of 17 kW/s.
	France	Paris, 'Poste Parisien, 959kC/s, from 60 to 100kW/s.
	Spain	Barcelona, 8kW/s, from 1095 to 795kC/s. EAJL.
	France	Fecamp, 'Radio Normandie', 10kW/s, on 1328 and 1456kC/s.
	Luxembourg	Luxembourg with 150kW/s, continues on 1190 meters.
NORTH AMERICA.	Nfld.	St. John's, VOAC 40 watts, from 800 to 1300kC/s.
	Newfoundland	St. John's, VOAS 100watts, from 810 to 940kC/s.
		St. John's, VOGY, with 75 watts, from 840 to 1050kC/s.
	Mexico	B.C., Agua Calientes, KEAC changed to KEBC.
	U.S.A.	Minnesota, 1500kC, 100w, from Moorhead to Duluth. KGFK.
		Florida, 1370kC, 100w, from Tampa to Jacksonville. WMBR.
		North Carolina, 100w, 1370 to 1500kC, move from Wilmington to Durham. WRAM.
		Arkansas, 1290kC, from 50 to 100 watts. KLCN.
		Maryland, Baltimore, 600kC, 200 to 500watts. WCAO.
		Connecticut, Bridgeport, 600kC, 250 to 500watts. WIGG.
		Connecticut, Storrs, 600kC, 250 to 500 watts. WCAC.
		New Hampshire, Manchester, 500w, 1430 to 1340kC. WFEA.
		West Virginia, Huntington, 1190kC, 500 to 1kW. WSAZ.
ASIA	Japan	Nagano, 500w, from 940 to 635kC. JONK.

NEW LUCERNE ALLOTMENTS.

Spain	Madrid (Union-Radio) on 1095 kC, with 15kW.
France	Juan-les-pins, on 1348 kC, with 10kW.
L.F.S.	Cork on 1240kC, with 1kW.
St. B.	Aberdeen, with 1kW, from 1348 to 1285kC.
German	Magdeburg, 1.5kW. 1330kC.
Common	Stettin, 1.5kW. (Relays Berlin) 1330kC.
Wave	Bremen, 1.5kW. 1330kC.
German	Dresden, 250watts, (Relays Leipzig) 1267kC.
Common	Nurnberg, 2kW. 1267kC.
Norway	Bodo, 500watts. 1276kC.
Common	Fredriksstad, 700watts. 1276kC.
Wave	Forsgrund, 700watts. 1276kC.
Norway	Stavanger, 500watts. 1276kC.
Portugal	Porto, 'Radio-Porto' Limitada. 1411kC.

Van De Woestyne, Malines 2, Belgium. (Mr. Van de Woestyne will be Official I. D. A. Representative in Belgium)

Mr. Romeo A. Gravel, Colombian Line, Port-au-Prince, Haiti, West Indies. (Mr. Gravel will be our official I. D. A. Representative in Haiti.

CONTEST NEWS

ALL CONTEST VERIFICATIONS FROM THIS DATE ON FROM NORTH AMERICAN MEMBERS.--Must be sent to Mr. Leo Folk, of Bradford, Illinois for O.K. Be sure, and enclose self-addressed and stamped envelope. This change is made necessary by the forced withdrawal of Mr. Frank A. Johnson of Chicago, as Contest Judge, due to personal conditions, which will take up all of his time.--Editor.

The ten leading CONTESTANTS up-to-date in the Contest are as follows, in order of rank: (1) R. T. Coales, Southsea, England. (2) Francis Wiseman, Newcastle-on-Tyne, England. (3) John S. Bohm, Malung, Sweden. (4) N. Robinson, Skinningrove, England (5) Frank Farr, Trowbridge, England (6) Wm. H. Ansell, Regina, Sask, Canada (7) Robt Mumford, Dublin, Irish Free Sta. (8) F. R. Crowder, Leeds, England. (9) Chas Hesterman, Saskatoon, Sask, Canada (10) J. A. Shanks, Russellville, Tennessee.

So far the Contest is very close with anyone likely to win, and a very good chance for all. As this is the last official Month, I would suggest all members put in as much time as possible in securing as great a number of Veri's as possible.

All veri's must be sent for not later than March 31st, at midnight C. S. T.

We urge every member to send in every veri' eligible for the contest, to your contest judge, even if you only have one, as whether we may run future DX Contests, rests upon the amount of support you show this one. --Editor.

BROADCAST REPORTS

WTIC-- We are indebted to WTIC, for a very well arranged, and high-class broadcast, with several fine announcements for the I. D. A. This broadcast will undoubtedly be the recipient of many foreign reports.

WBXO-- Made a number of greatly appreciated announcements for the I. D. A., and came in with tremendous volume.

KSCJ-- We wish to compliment the announcer Mr. Renshaw, for putting on a very clever BC. His interest in the BC, and his pleasant personality was a pleasure to listen to.

WOS-- Unfortunate weather conditions prevented this broadcast from getting out like it should.

KPFC-- We understand this was a fine programme, although we were unable to get it here on account of local stations on the same channel.

CSLRP-- A letter arriving from this station, just one day before the BC notified us they would be on 1411kc., as we had assumed they would in the last issue of the G. C. The DX wasn't heard here, but we hope we get reports of its reception on the East Coast.

Nishni Novgorod DX was recorded by Mr. Wiseman, in England, although not received in this country.

I. D. A. Special Foreign Broadcast List

TIME C.S.T.	Date	Time	Freq	Power	Location	Call	Notes
Mar. 10	Sat.	1-2:30am	1050	2000w	Montevideo, Uruguay	IDA CX26	It has been rumored CX26 would broadcast at this time although we have never received any official confirmation. Address: CX26, Figueira, Canepa & Cia, Millan #2370, Montevideo.
Mar. 10	Sat.	11pm-6am	1200	100w	Moose Jaw, Sask, Canada	IDA CHAB	This programme will be in the nature of a DX Marathon, and will be dedicated as follows: 11-12pm to Europe; 12-1am to Nfld; 1-2am to S.A; 2-3am to Mexico; 3-4am to East U.S.A; 4-5am to Western U.S.A; 5-6am to New Zealand, and Australia.
Mar. 11	Sun.	2-3am	1200	1000w	Caracas, Venezuela	GODXR YV3BC	If this programme is definitely confirmed, we will courteously ask CHAB to stand by during this hour, I.D.A.
Mar. 12	Mon.	4:30-5:30am	858	1000w	Nairobi, Kenya, E. Africa	VQ7LO	
Mar. 16	Fri.	5:30-6:30am	1440	1000w	Peoria, Illinois.	IDA WMBD	This will be an official IDA Headquarters Broadcast with the I.D.A. President, Secretary, and other Officials participating in the BC. May we count on EVERY IDA MEMBER to listen in and send in a report if possible, but in any case, send a card of thanks for this opportunity of talking to you in person. WMBD is a station that rarely DX's, and will be an especially good catch in New Zealand, Australia etc. Several worth-while prizes will be given, and a programme of live talent provided. We would greatly appreciate any publicity you can give this broadcast, and then LET'S HEAR FROM YOU.--Pres.
Mar. 18	Sun.	2am On.	1360	500w	Butte, Montana	All KGIR	
Mar. 24	Sat.	1:30-2:30am	1040	10000w	La Paz, Bolivia.	IDA CP4	CP4 is the most powerful station in S. A., outside of Buenos Aires, and is situated at an altitude of over 11000 feet. This should be received with exceptional volume.
Mar. 25	Sun.	1:00-2:30am	830	25000w	Buenos Aires, Argentina	IDA LR5	Let's help our good friend, and member, Mr. A.B. Dougall to break his transmission record of Dec. 3rd, with its 500 reports, by each one of us sending him a little report, and word of thanks, regardless of whether or not we have verified LR5.
Apr. 14	Sat.	8:00-9:00pm	960	5000w	Caracas, Venezuela.	YV1BC	This is Pan-American Day in Caracas and Mr. Anzola has expressed a hope some of us will hear YV1BC at this hour.
Weekly	Sun	11:30-12pm	980	50000w	Pittsburgh, Penn.	'DX TIPS' KDKA

General Notes: Dx conditions started out good the first of the month, with good DX almost general. However since that time, static, and poor reception has been almost universal, although TP's are showing a little more power.

THE SHORT WAVES

SOCIETY OF WIRELESS PIONEERS

Mr. M. Mickelson, 3229 Bloomington Ave, Minneapolis, Minn. Vice-President in charge of the Society of Wireless Pioneers states that, Application blanks have been sent out to those who have been asked to become Charter Members. Several outstanding figures in radio have voiced enthusiastic sentiments concerning the new organization, and have expressed a willingness to cooperate with, and support the founders of the S.W.P. The charter members of which there will be twenty five will include men of unquestioned experience, and many years in the radio game. These will indeed be a firm foundation upon which to build one of the finest, and most unique of radio organizations. It is hoped organization detail work will be far enough advanced by the next issue of the 'Globe Circler', that the S.W.P., can take over a part of this booklet. Included in the SWP. section will be the most choice of selected, authentic and interesting information, and pictures concerning work on the Short-wave bands, as well as news of S.W.P. club activities. Just as soon as membership enrollment justifies it, we will be pleased to add more pages to the Globe Circler.

All those who can prove ten years or more of experience in the Short-wave, or high frequency end of Radio reception, transmission, or experimentation, are eligible for admittance into the S.W.P., and should write Mr. Mickelson, for an application blank.

Mr. R.H. Tomlinson, well known Short wave writer, experimenter, and dx'er will have entire charge of editing the pages of the S.W.P., and all news pertaining to Short-waves. We are especially fortunate in being able to have Mr. Tomlinson's services in this capacity. Please send any, and all information pertaining to Short-wave to Mr. Tomlinson, at 7 Madison Ave, Port Chester, New York.

SPECIAL SHORT-WAVE BROADCASTS

March 12, Monday, from 4:30-5:30am CST, VQ7LO, of Nairobi, Kenya Colony British East Africa, will put on a special broadcast for radio listeners, and readers of RADEX. They will use a wave-length of 49.50m, 6060kc, with a power of 1Kw. Reports will be welcomed by Radio VQ7LO.

Radio Station HIZ, Santo Domingo, D.R., starting at 10:30pm CST, Saturday evening, March 17th. HIZ will be on 47.50m, 6315kc. Some very novel, and unique stunts will be attempted on this occasion. Address your reports to 'Estacion Radiodifusora HIZ', Calle Duarte #68, Santo Domingo D.R.

Radio Station CP5, Radio Illimani, Bolivian Broadcasting Co., LaPaz, Bolivia, will broadcast for the IDA on Saturday morning, March 24th, from 1:30-2:30am CST. CP5 ordinarily uses a wave-length of 49.3 meters, but it has been reported lately on 32.8 meters so watch both points.

Radio Estacion EAR58, Radio Club de Tenerife, Santa Cruz de Tenerife, Canary Is., will broadcast for the I.D.A., on Saturday March 31st from 3-4:30pm CST, and 8-9:30pm CST. EAR58 has recently installed a new 200w Xmtr, and is especially anxious to know how it is getting out. Their wave-length is 41.5 meters. The new address is "Radio Club Tenerife / Alvarez de Lugo 1., Santa Cruz de Tenerife, Canary Islands.

NEW SHORT-WAVE STATIONS.

Radio Eddystone:

A communication is at hand from a new station in Lisbon, Portugal saying they are broadcasting on 24.53 meters. The schedule is Sundays from 5 to 7pm, and Fridays 2-4am EST. The owner Senor Oscar Lomelino, is very anxious for reports. The address is Estacao Radio Eddystone, Rua-Gomes Freire 79, Lisboa, Portugal.

LR4 Broadcasting over LSX:

Just in time to catch this issue comes the news that LR4, Radio Splendid is starting a series of Short-wave broadcasts. These are over LSX, the 20kw station of Transradio Internacional, on 28.98 meters. These periods are daily from 3-4, and 8-9 pm EST. Letters can be either sent to Radio Splendid at Callao 1526, or to Transradio Internacional, San Martin 329, Buenos Aires, Argentina. A beautiful QSL card is sent by LSX. YV4BOD, in Caracas, Venezuela:

A new station with call YV4BOD, is broadcasting nightly on 50.2 meters, from about 9-10:30pm EST. YV2AM will use call of YV5BMO:

YV2AM is now testing on about 31m and 50m, besides his regular 41.6m wave. This station as a commercial broadcaster, will use call YV5BMO.3 M. Vegas owner, would like reports. Mr. S.M. Vegas is a member of I.D.A.

SHORT WAVE

NEW SOVIET STATION:

From the CSWRC comes word that a new Russian station on 29.80 meters was recently heard in connection with RNE. They think perhaps this may be RRLY, Moscow officially listed on 30.20 meters.

YNTRG new station in Nicaragua.

The "Radio Club of Granada" in Nicaragua, Central America, is being heard on 44.70 meters, from 8:30 to 11 pm EST.

HR1UG being heard in East.

HR1UG owned and operated by K. H. See, of Tegucigalpa, Honduras, C.R. is being heard on the 42 meter band at from 4-6pm EST, irregularly.

GMBQ, Havana, Cuba is being heard.

Irregularly, on about 52 meters.

* * *

All you dx'ers that have sent reception reports to J1AA, stop looking for an answer. You will not get it. The reason for this is that the Xmt'r of J1AA is situated in the fortified zone. Under no circumstances are any letters allowed to leave this zone.

NEW HAM CALLS HEARD

LU8DR-21m-"Adolfo Hournon, J.J. Diaz 308, San Isidro, Buenos Aires."
