Showing all Countries and their Principal Cities  
with Call Letters and Time Zones of each Country

PRICE

**25<sup>c</sup>**

**DIRECTIONS**—Turn the desired hour, either A.M. or P.M., in the sector marked "TODAY" opposite your own zone, and the current time in all other zones in the world will be shown. It will also be indicated which of the other zones are "Yesterday" and which are "Tomorrow." The position of twilight, darkness and dawn is graphically shown. Or, if you desire to tune in a New Zealand program, turn the hour of the program (say 9:00 p.m.) to the New Zealand sector and you will find that it is 4:30 A.M. same day in Eastern Standard Zone or 11 P.M. yesterday in Hawaii.
