SHORT WAVE BROADCAST

Eastern Standard Time

Summary by frequency (*Denotes best heard stations).

- 3305 VUC2, Calcutta, India. 8:15-11:30 am, back on.
- 3335 VUD3, Delhi, India. Back on Noon-12:40 pm.
- 4840 VUC2, Calcutta. Off air now.
- 4860 VUD3, Delhi. Off air now here.
- 4910 CR7BU Lourenco Marques, Mozambique, moved from 4925.
- 4950 Tokyo, Japan, Home Service to 10 am, not parallel with 4910.
- 5990 HSPP, Bangkok, Siam, off air at 9:45 am.
- 6005 CFCK Montreal, Canada. * News at 1 pm.
- 6040 WRUA & WRUS, Boston, USA, Back here. * 7 pm-1 am.
- 6050 GSA, London, England, 6-10:45 pm to Latin America now.*
- 6060 VUD11 Delhi, India, new Noon-12:40 pm.
- 6063 Tananarive, Madagascar, 9:30-11 am; Sun.: 9-11 am.
- 6080 WLWK, Cincinnati, USA. * 6:30 pm-1 am, back on.
- 6110 GSL, London, * To North America now 7-11 pm.
- 6150 CKRO, Winnipeg, Canada. * News 1 am.
- 6190 WNRI, New York, for special UNO relays 6:30 pm-midnight.
- 7075 GRS, London, off. *
- 7120 GRM London, off. *
- 7210 VUC2, Calcutta 5:30-8 am.
- 7210 VUD8 Delhi 7 am-12:30 pm.
- 7230 GSW*, London, is off in Overseas Service.
- 7240 VUB8, Bombay, India. 5:40-9 am.
- 7260 GSU, London. * Off air now.
- 7260 VUM2, Madras, India, official frequency, has news in English at 7:30 am.
- 7290 VUD11, Delhi. * Deleted Noon-12:40 pm.
- 7290 VUD2, Delhi. Add 6:30-8 am.
- 7320 GRJ, London. * Off air now.
- 7520 XNCR, Yanan 7-8:30 am now.
- 7700 ZMB6 Apia, Samoa, not heard since late September.
- 9260 Is latest frequency of Macassar Celebes.
- 9490 WOOW, New York. News: 5-6:15 pm.
- 9510 GSB, London * add 3-4 am; off 9 pm-1 am.
- 9530 VUC2 Calcutta, Delete 5:30-8 am.
- 9550 WRUW, Boston, new 6-9 pm.
- 9553 XOPD Hangchow, China 6:30-8, 8:30-9 am.
- 9570 WRUA-WRUS, Boston. * 4:30-6:15 pm.
- 9580 GSC London, * To N.A. 4:15-11 pm????
- 9590 WLWK, Cincinnati, U.S.A. 5-6:15 pm.
- 9625 GWO London * Was to N.A. 4:15-11 pm, but back to S.A. beam now.
- 9630 VUB2 Bombay. Off 5:50-9 am.
- 9640 GVZ London, England.* 1-5 am Pacific Service, not midnight-4 am. Off to N.A. 4:15-11 pm?
- 9650 KNBA, KNBI, San Francisco, USA, new 12:15-3:45 am.
- 9675 GWT London reported 10 am.
- 9690 GRX, London, * 1-5 am Pacific Service, not midnight-4 am.
- 9700 KCBR, Delano, Calif., USA. * 2-4:45, 5-11 am.
- 9700 WLWL1, WLWL2, Cincinnati, USA New 2-4:45 pm
- 9700 WLWRL Cincinnati. 5 pm-1 am.
- 9730 XGOA here not on 9480. News at 9 am.
- 9750 WNRX, New York. 2 pm-midnight.
- 9750 KOBA, KCBF, Delano, Calif., USA NEW 4-9 am.
- 9820 XGOE Kwelin, China, not heard lately.
- 10060 PLY, Bandoeng, Java, to 10:50 am; Sat to 12:05 pm.
- 11090 Emisora Nacional, Ponta Delgada, Azores, 3-4 pm present schedule.
- 11650 XTPA, Canton, China, off 9:15 to 9:30 am; news at 9 am.
- 11685 HVJ Vatican City, comes on air at 3 pm.
- 11700 GVW, London, England. * Add 11 pm-12:30 am; 9-10:15 am.
- 11710 WLWO, Cincinnati. 6:45-10:30 am.

11710 WLWS1, WLWS2, Cincinnati. * 2:15-4:30 pm. Complete.
 11720 CHOL, Sackville, NB, Canada, * 3:15-6 pm. (added).
 11750 GSD, London. * Off 9 pm-1 am.
 11770 VLA4, Shepparton, Australia * News at 4 pm.
 11775 Saigon, French Indo-China * 6:15-7:30 pm; Mornings 4:15 am on.
 11790 WRUA, WRUS Boston, USA, off at present here.
 11790 WLWO, Cincinnati, USA 7-10 pm.
 11790 WNRA, New York. 4-6:15 pm.
 11800 GWH, London * To N.A.: 5-6 am; 4:15-9:45 pm.
 11800 WOOW, New York. new: 5:45-7:15 am.
 11810 KCBR, Delano. 10:15 pm-1:45 am.
 11820 GSN, London * Pacific Service 1-5 am; not midnight-4 am.
 11830 WCRC, New York. New 2-4:45 pm.
 11865 HER5, Bern, Switzerland. * Wed, Sun: 3:40 pm on.
 11870 WOOW, New York. * 2-4:45 pm.
 11890 Delhi, India, reported at 7:45 am????
 11913 XGOY, Chungking, off mornings to N.A. Was 9:45-10:35 am.
 11930 GVX, London. * Off 5-6 am.
 12405 CS2WI, Parede, Portugal. Time change, now off at 6:30 pm.
 13050 WNRI, New York. * 5:45 am-6:15 pm present schedule.
 14560 WNRX, New York. Off air *
 15095 HOJB, Quito, Ecuador * to 10:30 pm.
 15110 GWG London, off 4-6 am. *
 15130 WRUA, WRUS, Boston. 5:45 am-4 pm.
 15150 KCBA, KCBF, Delano, off.
 15150 WRCA, New York. * 7 am-4:30 pm.
 15150 WNBI, New York, new: 7:30-11 pm.
 15160 VLG7, Melbourne, Australia, * News: 12:15 am, 4 pm.
 15210 WBOS, Boston. * 5:45 am-1:45 pm; 2-4:45 pm.
 15250 WBOS, Boston. 5-10 pm.
 15250 WLWK, Cincinnati * Off here.
 15250 WLWR1, Cincinnati, USA * 6:45 am-4:30 pm.
 15270 WCBX New York. 6:45-9 pm; Sunday from 7:15 pm.
 15270 WCDA, New York, new, 5:15-5:45 pm.
 15270 WCBN, New York * 5:45 am-4:45 pm.
 15290 WRUL, Boston * 5:45 am-4:45 pm.
 15310 GSP, London * 1-5 am; not 1-4 am; off at 6:45 pm eves now.
 15330 WGEA, WGeo * Schenectady, USA 5:45 am-1:45 pm; 2-4:45 pm.
 15350 VUD8, Delhi, India * Off 9 am-12:30 pm.
 15350 WRUS, WRUA, Boston * Off here at present.
 15350 WLWO, Cincinnati. 11 am-4:30 pm.
 15450 GRD, London * Add 3:45-5 am.
 15484 ESPANA INDEPENDIENTE, USSR 3:30-4 pm badly jammed.
 15750 ESPANA INDEPENDIENTE, Moscow. Also 3:30-4 pm.
 17750 WRUW, Boston. * 5:45 am-4:45 pm.
 17780 KNBA, KNBI, San Francisco * Off here at present.
 17780 WNBI, New York * 5:45 am-4:30 pm; 4:45-7:15 pm.
 17784 HER7, Bern, Switzerland. To 5:30 am; 7 am on.
 17790 GSG, London. * Delete 4-5 am.
 17800 KRHO, Honolulu, Hawaii * 5-8:15 pm; 8:30 pm-1 am.
 17830 WCBX, New York * 5:45 am-4:45 pm; 5-6:30 pm; Sun to 7:05 pm.
 17955 WLWL1, WLWL2, Cincinnati * 6:45 am-1:30 pm new schedule.
 18025 GRQ, London. Add 1-5 am. *
 18080 GVO, London. * Off air now.
 18130 GRP, London. * Add: 1-5 am; To N.A.: 8-11:15 am; noon-4:15 pm.
 18160 WNRA, New York * 5:45 am-3:45 pm.

 21500 WOOW, New York. NEW: 7:30 am-1:30 pm.
 21570 WCRC, New York * 5:45 am-1:45 pm.
 21610 WNRX, New York. NEW: 5:45 am-1:45 pm.
 21650 WLWL1, Cincinnati. NEW: 5-7 pm.
 21650 WLWS1, WLWS2, Cincinnati * 6:45 am-2 pm.
 21675 GVR, London * 1-5 am; 10:30-11:30 am; reported news 1 pm.
 21710 GVS, London * 2-5, not 1-4 am.

DETAILS BY COUNTRY

UNIDENTIFIED---6095 Weak signal below VUD on 6100; heard around 9 am and later; talk at 9:15 am; native singing at 9:30. Is not Chinese; sounds Asiatic or Near East; possibly JZH or Malaya?? 9535 Above Schenectady on 9530; uses English at 7:30 am but covered by Aussie carrier at 7:45. (W-Dilg). 12000 WVCP21 8:40 am calling WVCP. (E-Baxter).

ALASKA---12255 WXFG Heard from 9:20 pm with Seattle contact for servicemen. Signals good. (E-Ferguson).

AUSTRALIA---See summary by frequency for items. 10525 VLN8, Sydney,

calling KNY3 at 4:30 am. (Cuba-Ogazon; Eng-Harrison; NZ-Milne; W-Woodruff, Dilg; E-Boord, Kernan, Wilson, Ferguson; C-Olthoff).

AZORES---Has returned to Standard time as Portugal; hence 11090 is moved up to 3-4 pm from 2-3 pm. (E-Ferguson).

BELGIUM---11850 Brussels. Heard with poor signal 3:45-4 pm. (NZ-Milne).

BURMA---9543 Rangoon was not being heard for a while but is again audible on former schedule; but weak and badly covered by Aussie and Edmonton on 9540. (W-Balbi, Dilg).

CANADA---See summary by frequency. (C-Olthoff; E-Wilson, Kernan).

CELEBES---Makassar's latest 9 mc channel is 9260; other is heard on 5030, although announced as 5060. (W-Dilg).

CEYLON---15120 Radio SEAC, Colombo. Has news at 6:15 am. (NZ-Milne).

CHILE---Has gone on Summer time; it is presumed this will advance all schedules one hour (Subtract one hour from present listing). (Cuba-Ogazon; E-Howe).

CHINA---Chungking and other areas have returned to standard time, which will effectively add another hour to present listing. A list of calls and frequencies available for Nanking station to be operated by the Central Broadcasting Administration was inadvertently omitted from a previous bulletin. Since it is quite possible that this station is now operating it is deemed proper to review this list here (See items on 6090 below, and 9535 in UNIDENTIFIED): (Note that most of these frequencies were formerly used by the Japs). 6040: XGSA. 6080: XGSB. 6095 XGSC. 6105 XGSD. 7200 XGSE. 7257 XGSF. 9535 XGSG. 9605 XGSH. 9655 XGSI. 9675 XGSJ. 11725 XGSK. 11735 XGSL. 11800 XGSM. 11880 XGSN. 15105 XGSO. 15135 XGSP. 15225 XGSQ. 15235 XGSR. 17755 XGSS. 17785 XGST. 17835 XGSU. 17845 XGSV. 21450 XGSW. 21510 XGSX. 21550 XGSY. 21620 XGSZ. Be on the lookout for these. 6050 An unidentified station in China heard relaying XORA (Shanghai) from 9-signoff at 9:40 or 9:50 am; carries Chungking news at 9 am. Possibly Hankow, listed here. 6090 Not positively identified; may be as high as 6095; 6090 was Peiping's old channel; but this not believed to be Peiping. Heard signing off at 8:30 am. Call sounds like XGXT, which makes it suspiciously like XGSC listed above. A station on 6100 reported as XRRR Peiping heard testing to 9:40 am on October 2nd only. These sound much like XGSC on the air??? The new Nanking station was due to open in October. 7520 XNCR Yanan, since time change schedule is 7-8:30 am. 9553 XOPD Hangchow., has made some changes. Breaks in first transmission at 8 am; returns at 8:30 and leaves or breaks at 9 am. 9624 XGNC, Kalgan, still reported despite fall; news relay at 6 am. 9640 XGOY, Chungking. Now signs off at 10:35 am. 9730 XGOA, Nanking, is present frequency & location, weak with news at 9 am. 9820 XGOE not heard lately. 11650 XTPA Canton heard to East Coast still; also returned to Standard time; News now 9 am; signoff 9:15 to 9:30 am. 11920 XGOY Chungking see above; off mid-mornings. 12230 A Chinese station heard in mid-west almost daily covered by heavy continuous interference. (E-Baxter, Howe, Ferguson, Boord, Legge; C-Ong; W-Dilg, Balbi; NZ-Milne).

CZECHOSLOVAKIA---11840 OLR4A, Prague, news reported 7:15 am. (NZ-Milne).

DOMINICAN REPUBLIC---6190 HILA Santiago de los Caballeros, "La Voz del Yaque", heard with little QRM at 6:05 pm. (Cuba-Ogazon).

ECUADOR---15095 HCJB, Quito. Heard Saturdays and other days late until closing at 10:30 pm; this is an extension on this frequency. (W-Balbi; Cuba-Ogazon; E-Ferguson).

ENGLAND---BBC has made extensive changes all of which Fall shifts have not been determined. Note however the abandonment of the 40 meter band, which is of major significance to all amateurs. (BBC; Eng-Harrison; A-"Radio Call"; E-Wilson, Howe, Boord; W-Balbi).

FRANCE---Address of Paris for verification as follows: Mr. Paul Girson, 14 East 53rd Street, New York 22; but better address is direct 118 Champs Elysees, Paris 8me. (W-Woodruff, Balbi; E-Ferguson, Howe). 9900 unidentified (Spurious?) parallel NA service at 10:30 pm. (E-Ferguson). 14350 FY, Paris. Phone calling Lisbon; call FYA or FYR; at 4 am. (Eng-Harrison). 15240 Paris. Heard to signoff at 6:30 pm. (E-Schrock, Howe, Boord).

FRENCH INDO CHINA---11775 Saigon, see summary by frequency. (W-Dilg).

GERMANY---10105(?) 15105 DTSP Munich; phones Voice of America in N.Y. Monday, Wednesday, Friday 8:50-9:15 am; announced frequency 15105. 15860 DHTB; 15980 DHTB Frankfurt. Former reported contacting WBE to signoff at 11 am; latter Checking and testing 1-2 pm. (E-Sutton, Ferguson; Eng-Harrison).

HAWAII---New KRHO schedule on 17800 listed above; is heard off schedule however on 9650 12:15-1 am with news at 12:15 am and QRM

from US station. (W-Balbi; E-Legge, IOC; Cuba-Ogazon).
INDIA---Changes summarized by frequency. (AIR; E-Sutton, Ferguson, Legge; Eng-Harrison; NZ-Milne; W-Dilg).
IRAN---15100 EPB Teheran, news in English 6:15 am; records to 6:30; usually weak signals. (England-Harrison).
ITALY---Has also returned to standard time; presumably changes schedules.
JAPAN---4950 Tokyo, new. See summary by frequency. (C-Olthoff; W-Balbi).
MADAGASCAR---Previously unidentified is Tananarive parallel 6138. Opens on 9:30 am weekdays; 9 am approx. Sundays. (W-Dilg).
MOZAMBIQUE---4910 CR7BU Lourenco Marques, heard again after 10 am; note new frequency. (W-Dilg).
NORWAY---6195 is not being heard at present; 6130 still on parallel 9540 and 11735 6130 has English at 6 am; 11735 has good signals. (England-Harrison).
PALESTINE---6135, 6170, 6790 Asharq-al-Adna, Jaffa. Are heard opening at 11 pm in East and around 9-10 am in West (Believed to be unidentified on 6180??) Note that 6170 is being used replacing 6710. (E-Ferguson; W-Dilg).
PANAMA---Started on official schedule as previously listed on October 12th (Stations HOX, HOXA, HOXB; HOXC 9660 not used). (W-Balbi; E-Ferguson).
PHILIPPINES---9640 KZRH Manila English news 4 am. (NZ-Milne).
PORTUGAL---Has also reverted to Standard time, with expected schedule changes such as observed on CS2WI 12405. Overseas programs such as OSW7 on 9735 are not affected however. (E-Ferguson, Howe).
SAMOA---7700 ZMB6 Apia. Not heard since September 26th. (W-Balbi, Dilg).
SIAM---5990 HSPP Bangkok. Signoff 9:45 am. (W-Dilg).
SPAIN---Also back to Standard time. (E-Howe).
SWEDEN---10780 SDB2 Motala. Heard well 2:30 am phoning HEO4 in English. (E-Baxter).
SWITZERLAND---Evening program to NA; GI messages terminated. 17784 HER7. See frequency summary. (E-Taylor, Mass; Howe; Eng-Harrison; C-Olthoff; Cuba-Ogazon; A-"Radio Call").
U. S. S. R.---Summary by frequency of changes. (C-Olthoff; Eng-Harrison; E-Howe; Boord, Ferguson; Cuba-Ogazon).
UNION OF SOUTH AFRICA---Johannesburg listed on 6007 is heard on 6000. (E-Taylor, Mass.).
U. S. A.---Many changes summarized by frequency; note the new 13 meter stations. (E-OIG, Legge, Wilson, Howe, Kernan, Baxter; C-Olthoff; W-Balbi; A-"Radio Call").
VATICAN---11685 HVJ Vatican City. Uses 18 piano notes prior to opening at 3 pm. (A-"Radio Call").

Many thanks to the 19 fine reporters. Please excuse my delay in acknowledging them. I guarantee to respond. In the meantime please except the short wave column as the best answer to your good reports.

NEWS FROM MEMBERS AND CORRESPONDENTS

Bill Howe has just enjoyed a short visit from Harold Schrock of Pontiac, Ill., who is to be added to the list of DXers in the capital area.....Norm Kriebel has left temporarily however..... Henry Hannah, Mansfield, Conn., uses a Scott 800 and a Hammarlund Super-Pro receiver.....Hal Schrock also visited Art Hankins at Latrobe, Penna., on his way East.....Ken Boord, Morgantown, W.Va., also recently visited Washington.....Ray Edge, Buffalo, N.Y., Editor NRC, is installing radios for Buffalo police; no veries received recently.....Lemart Ekblom, Stockholm, Sweden, Surbrunnsgatan 6, QSL's 100%.....Bo Aberg, Boras, Sweden, uses a Radiola 1454, a 6 tube super-het, with 6 tuned circuits. The shortwave coverage is in 5 bands, each coverage having a dial spread of 7 1/2 inches. Recent veries from: Algiers, TGWA, LRX, KGEX (19 meters), Singapore (31 meters), Radio Seac (19 meters).....Tomas Ogazon, Havana, Cuba, is URDXC member 559. He uses a RCA 10 tube receiver with a single wire antenna 60 feet NW-SE. Has heard 370 foreign stations in 50 countries on 5 continents. Is strictly a SW DXer. Wants correspondence in Spanish or English anywhere in the World. Address: Ave 9 entre 11 y 12, Ampliacion de Almendares, Habana..... Grady Ferguson, Charlotte, N.C. recently bought a new Hallicrafters S-40 to add to his equipment; worked fine on a short wire antenna..... Martin Olthoff, Independence, Kansas, uses a RME69 receiver with a HT7 frequency standard and a double-doublet antenna.....John Kernan,

Boston, Mass., Like other DXers reports "spotty" reception lately with noticeable improvement in the 4 days before and the 4 days after full moon. Also received veri in one month from Anglo-Egyptian Sudan.....Charles Sutton, Toledo, Ohio, reports that DX nowhere nearly as good as last fall.....Bill Milne, Invercargill, New Zealand: Reports only fair conditions. Recent veries: PCJ 15220, AFN (6080), Singapore (6770, 11735), VLK6, VLZ, VLR, CKLO, XGOY (31 meters):

Roger Legge says "The Shortwave Broadcast section is excellent. Keep up the good work."

Eugene Flood says "I have been a member for about a year and a half, and I find that there is something in every issue that enables me to add new stations to my log."

Attention CQ DX Reporters: with this issue the CQ DX Spotlight shifts to Europe. Reports from the reporters show that Europe is now over-riding other Continents in the way of countries heard. Gail Beyer, Chicago 25, Ill. reports W9CAC. Harold Schrock, Pontiac, Ill., comes up with a very good list of European DX: Harold reports G5No, G2AJ, G8LO, G5JO, G2CDI, G3MI, G4JZ; XADU, XAAV, XAGK, XADJ, XABZ, XAAR; D4AMR; F3XY, F8NF, F7AA; G8AB/XACP; W9CAC. William Shadid, Bloomington, Ill. reports XABP. Edward Sigman, Chicago 7, Ill. lists G8DT, G5WF, G2AV, G3BM, G8JB, G8TH, XAPQ. Harold Baxter, Grosse Pointe Farms 30, Michigan sends in this list: G3XP, G3DO, G3WW, G3ZI, G5PN, G5YV; F3KH, F3TA, F8AH, F8BR, F8TY; XAAR, XAAW, I1LL; GW3KY, GW3UO, D4AFS, D4AIW, D4AML, D4ANX, D4APB, D4API; LX1AI. Robert Clark, Belmar, N.J. reports in with this list I1FF, XADT, XAAN, XAAM, XADW, XAAW, XAER, XAAV, G8RX, G6XG, G6AY, G8QW, G6DU, G5QA, G3OU, G3SA, G3RF, G6XP, G5JO; W9CAC; F7AB, F8AH, F3TW, F8ZO, D4AAB, D4ABZ, D4ALO, D4ANK; XAAP; PA0GN; GW4CC. Bruce DeHond, Rochester, N.Y. reports GM2DI; D4AOR, D4ABV, D4ACF, D4AIV, D4ALB, D4APG; XACJ, XAER, XADT, XAAR; F3TW, WF7AD; GW3UO; G3WW. Bruce says G6BY put in a very powerful signal. C. F. Jaeger, Brooklyn, N.Y. reports in with G3FA, G5BT, G5LN, G2AJ; GW3KY; D4AEG, D4ABV; OX1Z, OX1WB, OX1AS, OX1AX; HB9BQ. Harry Kentzel, Sand Lake, N.Y. heard G2PU, G2ZB, G3BM, G6XR; F3DI, F7AA; D2KW, D4AMR, D4AIW; OX1AS; W9CAC; I1LW, I1PH, I1FF, XAAV, XABZ, XAAR; HB9DQ. Roger Legge, Forest Hills, N.Y. calls in with this report OZ7PH; ZB2A. Howard Whipple, College Pt., L.I., N.Y. reports in with XABZ, XAAR; D4AIR, D4ANB, D4ABV; G2PU, G5PW, G3BM; F8QD, F7AA; HB9DQ; OX1AS, the first Greenland station Howard ever heard. Charles Sutton, Toledo 12, Ohio comes up with this report G2CB, G2BB, G3IY, G4KI, G5LI, G2JY, G5TP, G6BW, G6PH, G6AG, GM5PQ, D4ABZ, I1NH, XAAR, OK1FB. John Bornholdt, Lancaster, Pa. sends in this list G8TY, XAAV, JASR, SM5WE. Ken Murphy, St. Johnsbury, Vt. caught these D4APO, ZB2A, EA1D, OX1Z, OX1AS, XABZ, XAER, G6BY. Gerhard Berggren, Stockholm, Sweden sends in some good ones: CT2AR, EA1D, EI8J, OX1WB.

Here are frequencies of some of the European DX stations which were listed above.

XAAR Italy	14157	F7AA France	14318	W9CAC Iceland	14190
I1FF Italy	14355	G8RX England	14315	F7AB France	14040
XAAN Italy	14180	XADW Italy	14215	G6XG England	14275
D4AAB Germany	14285	XAAP Greece	14070	F3TW France	14020
PA0GN Netherlands	14095	F8GO France	14035	XAAV Italy	14195
D4ABZ Germany	14200	D4ALO Germany	14140	OZ7PH Denmark	28100
ZB2A Gibraltar	28100	CT2AR Azores	14255	EA1D Spain	14320
EI9J Ireland	14230	OX1WB Greenland	14230	SM5WE Sweden	14180

When to tune for the Countries above:

AZORES	1710	ITALY	1607-2238

Interesting Dope & Chatter from the Reporters:

Charles Boehnke, San Francisco, Calif.: "I won't have much time for DX anymore due to my college work. Have hrd some South American fones on 40 calling Africa so the stuff is there. Can't get further East than W9 on 80 meters, QRM-QRN etc."

Harold Schrock, Pontiac, Ill.: "W2JE ex-Okinawa is now home. Am now at Univ. of Ill. and reports will be more curtailed than ever."

William Shadid, Bloomington, Ill.: "I received the following QSL's in the past 3 months: VE2EX, VE3HI, VO6F, W2KGW, XE1D, W2PMA, W4HRL, W5FXD, W5BDQ, W5GIX, W5BG, W5YF, W6AM, W6SDG, W9ZTL, W9WHC, W9FLZ, W9GWL & W0 FQY. I have hrd several G's in England on 20 fone & CW. 75 is very badly full of QRM. I find your column very interesting."

Gail Beyer, Chicago, Ill.: "Hrd ZL1MR, 28130 Auckland, N.Z. very weak at 1850. Said QRA in call book wrong but couldn't catch new QRA. Am now using DB20 ahead of RME45 and it helps, especially on those weak ten meter sigs."

Bruce DeHond, Rochester, N.Y.: "Reception on 20 meters has been very good. I can't ever seem to catch the call letters of the Phillipine stations because they are so weak. I have now hrd 140 foreign stations

from 38 different countries." C. F. Jaeger, Brooklyn, N.Y.: "Have hrd WYUX on 20. This is just as it was announced. Can anyone help on identification? I am using an S2OR and although I have had it for 5 years I have never succeeded in calibrating the bandsread dial on the ham bands. I wonder if there are any members using this set that could help me out, that is tell me just how they went about calibrating theirs? I most certainly would appreciate it if anyone can help me in this connection."

Howard Whipple, College Pt., L.I., N.Y.: A couple of hours ago, I heard the first Greenland station, I have ever heard in my years of listening. It may not be such wonderful DX, but stations from there are very seldom worked by amateurs from this section. Now that the DX season has started I know you will be plenty busy compiling all the reports, and I know that the column will become the best in the Universalite." Charles Sutton, Toledo, Ohio: "Keep up the good work. How is this for S. Africa: 10 meters ZS2AF, ZS1BB, ZS5DE, ZS1T, ZS5EJ, ZS5BZ, ZS6BB, ZS6FU, ZS6UJ, ZS6EJ & ZS6DW! One will never know what DX is until you use a DB20 Preselector. I hrd a W6 use a Super Pro with DB20 Preselector hi!" John Bornholdt, Lancaster, Penn.: "This will be my last report as I am returning to school minus my ham gear so I'll have to concede my part in the contest to those other very able DXers! My ticket arrived Aug. 29 (Big Day!!); call is W3LTC. I haven't worked any but local stations so far, due to both low power (15w) lousy ant (20m vert 1/4 wave off gnd) so if any of the boys have hrd me on 14120 advise them there's a swell QSL awaiting them if they want to send me an SWL for any receptions! Say Ralph, why not publish in our section of the Universalite a list of all URDXC hams, their names, QTH's, most frequently used bands etc? I'd sure like to meet some of the boys on the air." (Ed., What say all you URDXC hams send me your call letters and other info on your rig. Just send a penny postcard). Ken Murphy, St. Johnsbury, Vt.: "Please erase my name from the contest as I just dont have the time. Well OM I know that it is quite a task to edit your column and more especially so, now that you are also working outside. You have been doing a very good job however. 73's for now and keep up the good work." Bill Milne, Invercargill, New Zealand: "Hrd ZL1HA on 80. On 10 ZL2JB, 2GB, 2MK, 2KC, 2MD, 2GX, 3PB, 3LE, 3BQ, 3HP, 3DB, 3DS, 3BC, 4FO, 4CU & 4AG. 20 meters: VK2GU, 3BZ, 2AH, 2AHP, 2HP, 2BU, 2HA, 1NY, 2AA, 3AR, 4AB, 2WS, W9BA, 5YF, 5CHA, 9IC. All VK's hrd 2300-0100. ZL's 0200-1900. W's 0030 to 0100. Have two veries so far. W5BHO 4430 Clay Ave., Houston, Texas & ZL2UJ Hanlon's Radio Shop, Petone, New Zealand. I enjoy the section, and find it of great help." Gerhard Berggren, Stockholm, Sweden: "Am in the 7th floor of a house situated on the top of a hill and facing whole Stockholm. One of the sure best DX positions obtainable. Receivers are an SX17 and a I3 tube AC. Have newly replaced all 6K7 tubes with 6S7 ones, result amazing! Antenna system is an RCA Spider Web Double Doublet 37. Mounted on masts on roof, facing N-S and on height of 12 meters. Works DX in all directions. Have coupler, toggle switch, to disconnect one lead-in from antenna to receiver when listening on freq below 9000 kc. Works well! Has anyone tried same invention? Veries after the war from HB9BB, HB9CZ, LX1SI and many SM stations on 20 meters. Have veri from ZB2A in Gibraltar on 28080. Here are a few other stations hrd: CN8MA Fr Morocco 14246 at 1735, ZP5AA Paraguay 14040 at 1753, CLPL China 14325 at 1210, VK2GU Australia 14220 at 1640, VS2BA Singapore Malaya 14275 at 1635. Here is some information on Swedish Amateur frequencies; Phone: 3685 to 3950, 7100 to 7300, 14100 to 14250, 28200 to 30000. CW: 3500 to 3635, 7000-7300, 14000-14400, 28000-30000. Both phone & CW 56000 to 60000, 112000-120000, 235000-240000."

Tnx to everybody for their swell reports. Here are some calls I have heard: ZS2CI, VK2ABD, ZS1T, ZS5BF, ZB2A Gibraltar 10 meters, 1008 using 100w center fed dipole N-S and an HRO receiver. Until the next section 73'es and lots of DX to everybody.

17 Reporters for this CQ DX issue:

 Harry N. Blair, Beverly Hills, Calif. says "Myself and I believe others would appreciate a log covering code stations 3000 meters down, including beacons, etc and with trans. speed words per minute. Q.S.T. publish at times a few of the best heard." We wish to thank Mr. Blair for his suggestion and also for introducing Mr. O. A. Smith of San Marino and other DXers to URDXC. Co-operation of this kind is appreciated. If any one reading this is interested in the service mentioned above, please write headquarters and if there is enough interest we will see what can be done.

What's Doing In DX

Broadcast Band Section.

Erick R. Johnson, Editor,
1610 Mahan Ave., Apt. 6D,
New York City 61, N.Y.

Again it is time to compile another report from our various reporters and we are very happy to inform you that many new reporters have submitted their DX doings in various parts of USA and Canada. We sincerely thank each and every one of you for helping make this column a success. As you all know the DX season will be in full swing by the time you get this bulletin so we look forward to get many fine DX reports from many of our old as well as the new members who have joined the URDXC recently. As you know too well this column depends largely upon your support and may we again impress upon all of you that this column's complete success depends upon each one of you. Don't be afraid to send your DX Doings along to us as we shall be more than happy to include your report at any time. Please let us hear from you once in awhile.

Raleigh Biss, Banning, Calif.: Glad to hear of the VRC-URDXC combine. Will send you reports occasionally as things of interest turns up. DX in general is poor yet as static and weak signals are on nearly with Midsummer reception. Will write more later.....Thanks for your report, Raleigh, we appreciate it very much, especially hearing from Banning, as we used to live in old Los Angeles a number of years ago and visited Banning several times. Editor.

James E. Critchett, Del Paso Heights, Calif.: Best of luck in the big job as Editor of URDXC. I was a fairly regular contributor to the BCB section of "DX", published by the VRC during the better DX season and hope to be of a slight help to you. My Radios are three: best, a 7 tube Zenith Radiorgan Table Model, new in 1942; in the living room with its back to the east. Second in the kitchen, a 5 tube Zenith table model, possibly five years old, just overhauled. Third, a 5 tube Western Auto Battery and AC-DC, operating on AC power, purchased in 1940, it is in the Bed Room, with its built-in antenna perpendicular to the north. Our Antenna is about 25 feet long, from north to south, and is strung about 25 feet high, along the top of the house. About 10 days ago I strung up three lead-ins, one for each Radio, certainly improved reception. I'm an Instructor in Property Accounting under Civil Service at Sacramento Air Material Area, McClellan Field, the nearby Army Air Field. We work 8 hours a Day for 5 days a week. I was married August 31st to Paulene, a few years my Junior. We live here alone, she works as an Air Supply Material Inspector at the Field. She was already interested in DX'ing and has helped me in DX'ing and is sending off her first request for a veri tonight to KWLK, heard on its regular frequency check 5-5:30am, 3rd Friday monthly. Also heard KSWC testing, but not sufficient for a report. She heard them on the portable beside our bed, conveniently. I have only a few stations to report at this time. That is all to report for the time being. Will watch KVSM and report its schedule when available. Would appreciate your notifying us through your column what type of information you desire in our reports to you; will do our best to conform to your desires. Again, best wishes for much enjoyment and no too hard work as BCB Editor of the URDXC. Am waiting my first copy with interest....Thanks very much for your report, James, we sincerely appreciate it and hope to hear from you again in the near future. Let me at this time, offer my belated congratulation to both you and Paulene for a long and happy wedded Life. In regard to your Question what we desire for our reports, well any and all stations which you may hear, but please try to include time heard also any and all verifications you may get and it will help us a great deal if you will include the station address, that is the Street or Hotel address, especially of the new stations which have come on the air recently...Editor.

Alexander F. Maley, Highland Falls, N.Y.: Here are some of Maley's DX'ing efforts recently: HHW, 1305 kc, Port au Prince, Haiti, 300 watts, heard for solid hour on 9/20 from 8:00-9:00pm, EST. Peaked S8 with average S7 signal and all familiar music. HJBJ, 1125 kc, Santa Martha, Columbia, 750 watts, heard for a report on 9/20 from 9:00 pm to 9:30 pm, EST. S6 signal and very little QRM from local WNEW only 5kc away. LR3, 950 kc, "Radio Belgrano", Buenos Aires, Argentina, heard with one selection and sign-off at Midnight on 9/21. Signal dropped from S9 to inaudibility in 5 seconds then held S6 level until Signoff. LR3, 950kc, "Radio Belgrano", Buenos Aires,

Argentina, logged again on 9/24 from 1:55-2:05am, sign-off. No USA QRM due to Northern Lights. HJER, 1395 kc, "Radio Pacifico", Cali, Columbia, heard thru 1400 kc mess and QRM from 10:30 pm to 11pm EST. 1295 kc an unidentified Spick heard here at 10:00 pm. Announced as Venezuela. Probably YVIRA listed on 1300 kc. CMHB, 1415, Sancti Spiritus, Cuba, heard nightly after 9:00 pm with poor signals. The Sun Spots killed off US Reception and the South-Americans just reared in. The Argentina station was louder than an Cuban on the Air. You could have knocked me over with a feather when they announced as "Ellay Arrah Tres, Buenos Aires." HHW was so easy to copy that it was unbelievable, all popular US Recordings with French Announcements. HJBJ heard right thru WNEW, easy to hear but playing unfamiliar music. Sent all three of them a report. Recent veries here have been: WKNB CMHQ WKRZ WMOA KBIZ(nice card); CBK WWNR WMOG and WNAR. Reports sent to the following stations: HHW HJBJ HJCO OAX4A CHGB WOHIS WTOD WTSP WWGF WBUY and WCCP....Thanks very much for this excellent report. You are really knocking the South-Americans off, here is hoping you will get a verie from all of them. The best of luck to you, OM...Editor. Addition to Al Maley's report: Heard XEDN on its URDXC special, but had plenty of trouble. Sun Spots out signal down and noise level up. Got a couple of selections OK. HJBJ, 1125 kc, Santa Martha, Columbia, received Spanish Air Mail letter verie on report of 9/20. Verie signer Julio A. Sanchez T., Propietario; QRA. Apartado Aero #540. YV5RL, heard almost nightly operating on 1165 kc until 10:30 pm, sign-off, although listed on 1160 kc; announces as "Radio Tropical" YV5RL, onda larga, YV5RW onda corta. How do you like the HJBJ verie, only 5 kc from WNEW too. CMKF, Holguin, Cuba, 250 watts, heard last Saturday Night, 10/5/46, for report, right thru WHN sidebands (CMKF operates on 1045 kc) That Xtal phasing on the HQ 129X brings in stations I never dreamed of hearing. US stations very slow replying on reports.....You sure are doing justice to your HQ 129, Al, you really can pick them out...Editor.

Ted Saling, Estacada, Oregon: I have been DX'ing in my usual lazy manner and I have failed to get off reports to most of the new stations. I got a report off to KBMY heard on a DX frequency check. Only other reports recently are KVEC now on 920 kc, signing off at 3:15 am, EST; WTIC WNEW CFPL KATO and KBIO. KATO verified promptly but CFPL said my report was incorrect. I don't know where I got mixed up but must have been in the time. I sent it in EDST, which I still think is correct. My total veries now stands at 253. I haven't any goal to work for, and I have to be in the mood to DX successfully. The URDXC-VRC merger brings some more top-notch BCB DXers into the club. I do hope the support Erick, with Yarnes and Wilkinson reporting the T.P. Reception; Allen and Biss, American reception, he (Erick) could turn out a BCB section that might enthuse more of those California SW and BCB fans to report of their doings...Thanks for your report, Ted, we appreciate your suggestions regarding the fine DXers who as yet have not submitted any reports, except Biss, however here is hoping we may hear from them in the near future...Ed.

J. Kenneth Focht, Reading, Pa.: On the Night of September 25th, I picked up a station on 1600 kc with the call letters WKWF Key West, Fla., at 8:00pm with a fair signal, some fading. I received a verie from WONS, Hartford, Conn. I have reports out to WHAT WIBG WGAL WEST for about 3 weeks now and did not hear from any of them. Do they verify? Recently I heard WNLC 1490kc, New London, Conn., testing from 5:00-5:15am EST asking for reports. Some other stations heard have been: WOL WHAT WHIS WBEJ WBIR and WNLC. Reception is not too good these AM's...Thanks for your reports, Kent, in regard to your question about the various stations who as yet have not verified for you, all of them have verified for me and you are sure to get a verie from all of them in due time...Editor.

William A. Reese, Fairmont, W. Va.: I logged 46 new Stations during the DX off season (May, June, July and August) not bad for the summer. So far for Sept. I have added five more new stations: 9/2, WCTA, Andalusia, Alabama, 1340 kc, on a frequency check from 2:00-2:15 am, EST. 9/5, WINR, 1490 kc, Binghamton, N.Y., 6:15-6:30am, EST, on regular program; 9/5, CKCO, 1310 kc, Ottawa, Ontario, 8:15-8:30 pm, EST., on regular program; 9/8, WMOA, Marietta, Ohio, 1490 kc, 8:00am on a regular program, can hear them alongside of WWSW most any time here; WKNB, 840 kc, New Britain, Conn., signing on at 6:30 am, EST, regular program WHAS was off or would never have logged WKNB. I hope that WHAS is silent when the new WEAE, 840 kc, Mobile, Ala., comes on with equipment tests. Guess before this letter hits the waste basket I had better sign off. If I see mention of this in the "Universalite", I may try another time...Thanks for

your report, Bill. WHAS is silent every Saturday Morning only. I can assure you I never relegate any report to the waste basket until its contents have appeared in this column, so you can send your reports in any time you desire to do so. Many thanks for the photo it was appreciated and will take its place in our collection of DXers, which we have in our special album. I'll send you a copy of yours truly in the near future...Editor.

Donald Telford, Toronto, Ontario, Canada: Here is my first BCB report to you. Hope it will be satisfactory to you: WKTM, 1050 kc, Mayfield, Ky., heard Sept. 7th. Verie received Sept. 12th. Was their 3rd equipment test. Received quite a few reports. On regular schedule since Sept. 15th, daytime only. Verie signer is Wayne R. Morgan, Manager. QRA P. O. Box 232. CHOK, 1070 kc, Sarnia, Ontario. I understand a verie is hard to get from CHOK. I have their verie received in about 4 days. Verie signer is J. J. Kelly, C.E. Who else has this one???? WRHI, 1340 kc, Rock Hill, South Carolina, heard on test on Sept. 7th. Verie card, signer James E. Beaty, Jr., C.E. Studio in the Rock Hill National Bank Building. Tests every Friday from 2:15-2:30am EST. Will verify without return postage. Long awaited veries from XELO from report Dec. 45 and WOC from reports of June 46.....Thanks for your report Donald. Well, Don, yours truly is one of the lucky ones on getting a verie from CHOK, but my verie was signed by R. F. Cooke, Chief Engineer and verie was received on 9/27/46, so a new Chief Engineer has taken over at CHOK...Editor.

Cpl. Lincoln A. Mayo, 56th QM Training Co., Camp Lee, Virginia: This is my first letter to you since the merger of VRG and URDXC. I have an item you may be able to use in the bulletins. I have been home a couple of weeks furlough. It's going all to fast and I leave tomorrow for Camp Lee. It's pouring rain right now, has been since around six last night, so I'm doing a few letters this afternoon...Thanks for the items (included in the DX Doings), we appreciate your letters and reports and sincerely hope to hear from you again whenever you may have time to drop a line...Editor.

Erick R. Johnson, The Pelham Bay DX'er, N.Y.C., N.Y.: Since our last report we have again logged a fine bunch of new stations at this listening post; as follows: KATO KOLO WJOY WBUY WKAY WFTL WDAR WKLX WHHM WBHB WHSC WCTA WBSR WMON WSBR WPEM WQUA WMOU and WFVL. Veries have been received from the following stations: KATO KOLO WBUY WFTL WKAY WHHM WBHB WHSC WBSR WSBR WPEM WOMA, at last after 5 attempts; KMAC KMLB WMGY WCNT KSTT KSWM WKNB CHOK. Our log now stands at 1206 logged and 1198 verified.

Harold A. Whittier, Mansfield, Mass.: WMOU, 1230 kc, Berlin, N.H. will be on the air shortly with a daily schedule from 6:00am to 12 Mid., EST. Identifies itself as "The Radio Voice of the White Mountains;" WKBR, 1240 kc, Manchester, N.H., will soon be ready to test; WMTW, 1490 kc, Portland, Maine, will soon take the air and will maintain studio in the Falmouth Hotel, Portland, Maine; WFOY, 1240 kc, St. Augustine, Fla., heard on 10/22 with Hurricane Warning; WPEM, 1340 kc, 250 watts, Martinsburg, W.Va., heard with equipment test from 3:00 am on. QRA P.O. Box 824; WMFF 1340 kc, Plattsburg, N.Y., heard on 10/11 with a test program; WRHI, 1340 kc, Rock Hill, S.C., heard with its frequency check on 10/11; WMSA 1340 kc, Massena, N.Y., heard with good clear signal here; identification as the Northern Voice of the ABC.....Thanks for your report, Harold, we appreciate hearing from you and hope to hear from you again soon with more informative news...Editor.

J. Kenneth Focht, Reading, Pa.: These days when the SW band is out, I have been doing lots of DXing on the BCB band. WPDQ, 1270 kc, Jacksonville, Fla., was heard on 10/7 with Hurricane information; had a very good signal; KSKY, 660 kc, Dallas, Texas, heard testing on 10/5 from 4:00-4:15am EST; I now have reports out to CBM CFBR CKAC CHML WBBM WATR WPDQ WMCA KQV and WAAB. Received verification from WBIR WMMN WOL WITH and WHIS. Do you know anyone who would like to buy an LF 90. I'm buying an Army BC 344 receiver which goes from 150 to 1500kc. I think this will be a hot set for long wave and BCB stations...Anyone interested in the LF 90 as mentioned may get full information by writing directly to Ken at 1648 Cotton Street, Reading, Pa...Editor.

Donald Trelford, Toronto, Ontario, Canada: Received the new "Universalite" just today and your BCB section is very good. I guess my first report to you was a little late??? Just started to DX again a couple of days ago despite cloudy weather. Result so far: XEQ blotting out CBM (940), seems to be another station carrying NBC programs on 940 kc, other than CBM, yet the new log does not list one. On 980 kc WRC came thru R9 with no interference. This morning,

10/12, despite rain picked up KXYZ with a good signal on 1320 kc; WFBC was poor on 1330 kc though; WQUA, 1230 kc, Moline, Illinois, heard testing, reports out to them over 2 weeks, no answer as yet. Verie in from WEGO for test, were testing new 1 kw transmitter; Verie signer was Wayne Nelson, Owner, also verie in from CJBQ heard under WLEU, address; 11 Victoria Avenue, Belleville, Quebec; signed by J. B. Buchanan, Engineer. Total veries now 239....Thanks for your report, Donald...Editor.

Edw. M. Vickers, Coral Gables, Florida: Since getting back from the service which I joined up with in 1940 I am starting to DX on the BC band once more and having heard much good comment on the URDXC wish to join up with it. Would appreciate your sending information as to dues, etc., and I will remit by next mail. Obtained your address from Mr. J. Kenneth Focht of 1648 Cotton Street, Reading, Pa., in reply to my verification of his recent report to WKAT. In addition to Engineering duties at WKAT I now have charge of answering all requests for verification. At present we have no special DX programs scheduled but hope to be able to present at least one this season. A good time to catch WKAT is on Sunday mornings from about 5:30 to 6 when I check the Western Electric 310B Auxiliary Xmitter. Our regular schedule is now 6:28 to 1:00 AM Monday thru Saturday with 7:45 AM signon on Sunday. Here is additional information you may not have on activities down this way: WFVU, Hollywood, Fla., 940 kc. opened formally today. They have studios in Great Southern Hotel, Hollywood; Cadillac Hotel, Miami Beach; and Alcazar Hotel, Miami. WFTL, Ft. Lauderdale, Fla., went on the air about three weeks ago and are now on daily. They will verify by William R. Needs, Chief Engineer, WDSR, Lake City, Fla., is also now on air regularly and will verify by Jack V. Lopresti, Acting Chief Engineer, WBSR, Pensacola, Fla., officially opened on Sept. 26th and verify by Ruth Braden, General Manager. WRHP, Tallahassee, Fla., on 1450 has been on running equipment and frequency tests the past 5 mornings. The new station scheduled for Coral Gables, Fla., on 1490, has not yet received their CP as two others seeking same frequency filed objections. Have considerable more data on recent BC band additions which will be glad to pass along if you desire. Let me know. In fact will be glad to send along a weekly bulletin for your own and URDXC club member information, if you wish. At present am running the morning shift at WKAT so am up early every morning for DXing.

DX CALENDAR

November	4th	KRES	1230 kc	St. Joseph, Mo.	3:30-4:30am	EST	NRC
November	5th	KRES	1230 kc	St. Joseph, Mo.	3:30-4:30am	EST	NRC

December	6th	KCVR	1570 kc	Lodi, Calif.,	4:00-5:00am	EST	NRC

We shall greatly appreciate your support in reporting on any of these specials although the program might be dedicated to a club of which you may not be a member the program is primarily dedicated to all DXers even if the station is honoring a special DX club they welcome reports from all DXers.

THE DX DIAL

660 KSKY Dallas, Texas, heard with test program from 4:00-4:15am on October 5th. Might be a monthly frequency check. (Focht, Pa.).

810 WCCO Minneapolis, Minn., daily schedule from 6:00am to 2:05 am, EST. Have an excellent and steady signal. (Schrock, Ill.).

840 WKNB, New Britain, Conn., heard signing on at 5:30 am EDST on regular schedule. (Reese, W.Va.).

840 WHAS, Louisville, Ky., is silent every Saturday morning. (Editor).

860 XEMO Tijuana, Mexico, sign off every day at 3:00 am, EST and return again to the air at 5:30am EST. (Schrock, Ill.).

920 KVEC, San Luis Obispo, Cal., now operating on this frequency. (Biss, Calif.).

920 KOLO, Reno, Nevada, heard on regular schedule here until 3:00am EST. An Air-mail verie received. QRA 33 Sierra Street. Verie signer is Kenneth Owen, Chief Engineer. Appreciate reports. (Editor).

- 940 WFVL, Hollywood, Florida, heard all AM of Oct. 13th and 14th, with equipment tests. Asking for reports. QRA Great Southern Hotel, Hollywood, Florida. Call letters stands for Wonderful Florida Vacation Land. (Editor).
- 940 XEQ, Mexico City, Mexico, heard completely blotting out CBM. (Trelford, Ontario, Canada).
- 950 LR3, "Radio Belgrano," Buenos Aires, heard from 1:55 to 2:05 am, EST, on 10/24. No QRM from any USA stations due to Northern Lights. (Maley, N.Y.). LR3, "Radio Belgrano" Buenos Aires, heard with one selection and signoff on 9/21. Signal dropped from an S9 to inaudibility in 5 seconds then held S6 level until sign-off.
- 970 WAVE, Louisville, Ky., heard signing off at 1:00 am, EST. (Schrock, Ill.).
- 1000 XEOY, Mexico City, heard signing off at 1:30 am EST. (Schrock, Ill.).
- 1010 KLRA, Little Rock, Ark., now signing on at 5:00 am, EST. Signs off at 12:00 Mid. EST. (Schrock, Ill.).
- 1050 WKTM, Mayfield, Ky., heard 9/7. Verie received on 9/12. Was their 3rd test. Received many fine reports. Verie signer Wayne R. Morgan, Mgr. QRA P.O. Box 232. (Trelford, Ont.).
- 1070 CHOK, Sarnia, Ontario, understand verie is hard to get from CHOK. I've their verie received in about 4 days. Verie signer J. J. Kelley, C.E. Who else has this one??? (Trelford, Ont.). Verie letter signed by R. F. Cooke, C.E., so evidently Mr. Kelly is no longer with CHOK. (Editor).
- 1050 KVSM San Mateo, Calif., heard with equipment test from 8:47-8:56 am, EST, on Sunday Sept. 22. Started a good R6 and faded to an R5. Made no announcement as to when regular schedule is contemplated and heard since but made no attempt to catch them before 8:45 am, EST. (Critchett, Calif.).
- 1125 HJBJ, Santa Marta, Columbia, 750 watts, heard for report on 9/20 from 9:00-9:30pm EST. S6 signal and very little QRM from local WNEW only 5kc away. (Maley, N.Y.). Received a spick verie letter for the report of 9/20. Verie signer, Julio A. Sanchez T., Proprietario; QRA Apartado Aero 540. (Maley, N.Y.).
- 1165 YV5RL, heard almost nightly operating here until 10:30 pm, sign-off, although listed on 1160 kc. Announces as YV5RL, onda larga and YV5RW onda corta. (Maley, N.Y.).
- 1230 WMOU, Berlin, New Hampshire, heard with equipment test on 10/5. Will have a daily schedule from 6:00 am to 12:00 Midnight EST. Identify as "The Radio Voice of the White Mountain." (Editor and Whittier, Mass.).
- WQUA, Moline, Illinois, heard signing off on 10/4 at 1:00am EST. Had a very fine signal. (Editor).
- WJOY Burlington, Vermont, heard with equipment test all AM on 9/11. Are now officially on the air. (Editor).
- 1240 KERO, Bakersfield, Calif., verified my report of 9/3. (Biss, Calif.).
- KBMY, Billings, Montana, verified report of 9/7 test. Went on official schedule 9/8. (Biss, Calif.).
- WKBR, Manchester, N.H. due on the air in very near future. (Whittier, Mass.).
- WFOY, St. Augustine, Fla., heard with Hurricane Warning all morning of 9/22. (Whittier, Mass.).
- 1300 Lexington, Ky., heard with equipment test all AM on 9/19. Had an excellent signal. (Editor).
- KROP, Brawley, Cal., heard with local studio program from 3:00-3:08 am EST, sign-off. (Editor).
- 1340 WHHM, Memphis, Tenn., heard with test program on 9/20. Verie with a brown colored card. (Editor).
- WCTA, Andalusia, Alabama, heard with test program on 9/27, thru bad QRM from WEXL, WHAT. Asked for reports. (Editor).
- WMON, Montgomery, W.Va., heard with test program on 9/30, although badly QRM'd by WEXL & WHAT. (Editor).
- WEPM, Martinsburg, W.Va., heard with equipment test on 10/3. Had an excellent signal. Received verie letter signed by C. Leslie Golliday, Station Manager. Appreciate reports on all tests. (Editor). Also heard several other mornings. QRA P.O. Box 824. (Whittier, Mass.). WMEF, Plattsburg, N.Y., heard with test program after 2:00am EST on 10/11. (Whittier, Mass.).
- WRHI, Rock Hill, S.C., heard with test program on 10/11. (Whittier, Mass.).
- WMSA, Massena, N.Y., heard with good clear signal. Identification as "The Northern Voice of ABC." (Whittier, Mass.).
- 1400 KREO Indio, Cal., now on regular schedule. Only 40 miles from

- Banning, heard here on daytime. (Biss, Cal.).
- KCHS Hot Springs, N.M., heard testing on 9/8. (Biss, Cal.).
- KBIO Burley, Idaho, heard testing on 9/2. (Biss, Cal.).
- KWIN Ashland, Oregon, heard at 12:30am on 9/18, announcements only. Now definitely on the air. (Critchett, Cal.).
- HJER, "Radio Pacifico," Cali, Columbia, heard thru the 1400 kc QRM from 10:30pm to 11pm EST. Actually operates on 1395 kc. (Maley, N.Y.).
- WDAR Savannah, heard with equipment test all of AM on 9/18 with an excellent signal. Asked for reports. (Editor).
- WFTL, Fort Lauderdale, Fla., heard with equipment test on all of AM on 9/18. Had an excellent signal. Verie letter by Wm. R. Needs, C.E. Uses identification as "The new WFTL, Radio's Unique Station - AFLCAT - in the "Venice of America." (Editor).
- 1420 XEXX Tiajuana, Mexico, announced in English at 11:03 pm on 9/10. First time heard, and now on regular schedule. (Critchett, Cal.).
- 1410 WING Dayton, Ohio, now on all night schedule. Grrrrr (Editor).
- 1490 WMTW Portland, Maine, had its 9 $\frac{1}{2}$ Ton antenna tower flown from Allentown, Pa., via plane so that the station could go on the air for the World Series. (Broadcasting via Editor).
- WSBR Superior, Wisconsin, logged with local program and signoff at 1:00am EST on 10/1. Verie signer Olaf Gabrielson, Technical Advisor. Maintain Studio at First and Baxter Avenues. (Editor).
- WNLC, New London, Conn., heard on test program on 10/2 from 5-5:15am EST. Asking for reports. (Focht, Pa.).
- WIAU Laurel, Miss., heard with local studio program and sign-off at 12:03am EST. Overrode everything on 1490 kc on 10/14. (Editor).
- 1570 KOVR Lodi, Cal., now on regular schedule. Signs off at 9:15pm EST. (Biss, Cal.).
- 1590 KSJO, San Jose, Cal., now on regular schedule. Signs off at 9:15pm EST. (Biss, Cal.). Began regular schedule on 9/21. Daily schedule is from 9:45am to 9:15pm EST. (Critchett, Cal.).
- 1600 WKWF Key West, Fla., heard at 8 pm with a fair signal, although slight fading was noted at times. (Focht, Pa.).

Please don't forget the bulletins are issued twice monthly now during the season. Deadlines for BCB section at the BCB Editors is the 8th & 22nd of each month. I wish to thank each and every one for their wonderful support. 14 BCB reporters this issue.

 Bruce Kennedy says - It appears the new URDXC log is going to be a great success judging by the number of subscriptions in so far. To those that have subscribed and received their log, I want to say this: There have been several errors and omissions pointed out to me in the September edition of the log. I want to thank all the fellows that pointed out these omissions to me and I want to assure you all that the January log will be a great improvement over the first log. Henceforth in all future logs of this type, the following countries will be included: Canada, Cuba, Mexico, USA, Haiti, Dominican Republic, Newfoundland and Bahamas. Regular listings of changes of these countries come to me from the FCC. Other countries we must rely on various sources, which are not always correct. However, we expect to have in a short time, official listings of stations from the various Central and South American governments. I do not believe these will be in time for the January log however. A world log is not feasible to be combined with the above. Hence it would have to be a separate log altogether. If there is enough call for this, it may be considered at a future date. In the meantime, we shall concentrate on the North American list, possibly adding high power foreign stations, if space allows. Also it does not appear that there will be room for complete listings of schedules. If we had an "elite" size typewriter, it would be quite possible. Another thing is the sometimes poorly reproduced letters. This is because the type on my machine is worn a little, it being an old timer, so to speak. So fellows, we will have all the latest station and network changes in the January Edition and I am sure you will all like its listings much better as we will concentrate on making them perfect... Write comments & suggestions on BCB log to Bruce J. Kennedy, Palermo, Ontario, Canada.

 URDXC Stickers 40 for 10¢. Letterheads 100 for 62¢ or 50 for 34¢ available postpaid from Club headquarters.

BROADCAST BAND CHANGES summary including all changes between Oct. 1st & 15th 1946. Compiled from official sources by Bruce J. Kennedy. Symbol # indicates construction permit only has been issued and station is not yet in operation. Change will be listed again when in operation under that heading.

CORRECTION TO SEPT. LOG:

900 CKBI is Prince Albert, Sask. and 1000 (5).

That's all up to the 15th.

 Several new members have complained of not receiving their SW log. The SW log is issued 3 times per year in March, July, and November. The new copy is out this month. We do not keep old ones on hand during the 4 months period. New members start with the next copy after sub is

 David Thomas, Proctorville, Ohio, *entered* writes in to say that the verier reported some time ago from VRTQ Bermuda, 1495 kcs $\frac{1}{2}$ watt, signed by Fred VanVoorhees and sent to Dick Cooper of Pennsylvania was a joke, and that he has proof of same. David believes that other DX fans will agree with him that this was a crude joke to say the least and not good for the DX Hobby unless a correction of this report was printed in the bulletin.

HELP is still needed for the CPC. We need some of you good BCB DXers to help write for special DX programs. What say fellows? Write to our Chairman - Staff Sgt. Alexander Maley, 46 Ft. Putnam St., Highland Falls, N.Y. for further details.....The work at club headquarters has been very pressing during recent weeks since the merger. Some of our fellow members don't seem to realize the amount of work involved. We don't have an office staff to help answer letters. Ye Editor is the one and only member here at HQ that does the work--Type stencils for the bulletins, address envelopes, mimeograph, etc. etc. not to mention correspondence. Hi. As many of you know, a DX Club is strictly a co-operative affair and there is no money to hire help. We would be glad if some members in Oakland or Vicinity would volunteer to help in some way such as addressing envelopes etc. Our friend Charles Sutton of Toledo, Ohio, said he would help if he lived near us. Thanks a Million anyway. Charles and we certainly appreciate your URDXG spirit and the cooperation you have given us in other ways. Don't forget those DX reports fellows, remember Twice Monthly now.
