My other gear is a Fujiya tape recorder. I DX BCB, SWBC and ARO, have 20 QSLs so far. I am interested in certifs and contests, also chemistry and fishing. From the June '65 edition of EI, I learned about NASA."

Carl A. Goodling, Mt.Holly Springs, Pa. "Been interested in SWLing since '32 when I only listened occasionally. Did more in '52 when I bought a Hallicrafter S53, but still didnt chase much DX. In January, this year however, bought the new rx I now use, a SX62A employing a 100' longwire antenna and am a settled SWL/DXer seriously interested in the hobby, the SWBC bands particularly. Age here is 54, am a great-grandfather 6 times and work as an electrical contractor...have for past 25 years. Became interested in NASA when I read about it in 1965 Communications Handbook."

Robert R. Rickert, Deer River, Minnesota. "I'm a highschool senior of 17 and earn my money by acting as guide for fishermen (angling for walleyes and northerns). I am new to the SWL world, have only been in it 4 months now. Plan to become a ham. My rx is a Hallicrafter SX110 and I use a 100' longwire antenna. DXing is done on ARO and SWBC bands. I read about NASA in the June edition of EI."

Joel H. Graham, Chicago, Illinois. "Am a retired police officer, age is 59, married. Belong to the American Legion - Drum and Bugle Corp. Use an SX122 receiver and a 48' longwire antenna. I am most interested in BCB and SWBC. Swap cards 100%. Presently am member of NNRC, WMRC and CDXC. Joined NASA via good friend Ernie Zecchini."

George Neff, Euclid, Ohio. "Really new in the hobby...just 4 wks! Am 17 and a senior in hischool. Rx is a 11 transistor (AM-FM) with built-in ferrite coil antenna. I like BCB DXing, have 4 QSLs so far. Plan to get more equipment soon. Other of my interests is coin collecting. NASA is my first club, I read about it in recent copy of EI."

Normand La Montagne/WPE2NQH, Owego, New York. "I am 19 and have been DXing for about 7 months. Am interested in radio and electronics. My shack, which I have constructed in our basement-cellar consists of a Hallicrafters S120; Antenna is a 100' longwire. My DXing is done on the SWBC and BCB bands. I am interested in awards, contents, am also a cardswapper and stamp collector. Read about NASA in '65 Communications Handbook."

David Schmidt/WPE3GKR, Green Ridge, Penna. "Greetings to all from this 14 year old sr. highschool student! A special "howdy" to my fellow co-NRC members, in particular, Joe Fela and Tim Davisson. DXing interests here are strictly BCB; I use a Johnson car rx with a power supply and 58' loop antenna. QSL total to date is 165. Am also interested in awards, contests, cardswapping and sleep. Hrd about NASA via J.Fela, T. Davisson and in E.I. Incidentally, if anyone is wondering, my rx works because it has pulled in 629 stations from 36 states so far. And oh yes, I'm open for pen pals."

Wayne Weaver, Dayville, Connecticut. "I am eighteen years of age and interested in SWL and ARO; Presently DX SWBC and have 25 QSLs. Also interested in awards, contests, card-swaps and helping other OM. Am a ASM in my hometown Scout unit. RX here is homebrew, I use a longwire antenna. Read about NASA in Electronics Illustrated."

A1C, Frank Fowler/WPE2NUO, APO-New York. "Serving with the USAF, I am 23 and have been DXing since January of this year. Rx is Hammarlund HQ145 and Hallicrafters S120; I use a 50' longwire antenna. Prefer to DX the SWBC, have 30 QSLs to date. Am interested in awards, contests and cardswapping, also mounitain climbing, hunting-fishing. Heard abt NASA from member Mike Lee, my good friend."

Edward Brhel/WPE2NRE, Endicott, New York. "Am 19, graduated in '64, have been DXing for about a year and prefer SWBC. My gear is a Hallicrafters S120 and Philco E60047; Two 45' inverted L's used for antennas. Have 31 QSLs so far. Am interested in awards and contests, also reading, rock-hunting and the theatre. Read of NASA in PE."

Michael Worst/KL7PE1L/7, Seattle, Wash. "Rx here is a Collins 51J4, antenna is a 60' longwire and I DX the BCB, have 50 QSLs to date. Am single, 25 and unmarried, my work is in the electronic field. Am member of NNRC, CIDX, IRCA, NZDXRA and NZRDXL. Heard abt and joined NASA via Dick Jenneman."

Francis P. George/WPE2NDD, New York, New York. "I am 35, single and vry pleased to be a new member and to have opportunity to promote our motto, become an active supporter. Have three rx here, a Hallicrafters S119, Globe 620 and Stratlight A120. Employ two ant-ennas, one a 75' longwire, the other a dipole. I DX the BCB, SWBC and Ham bands; Am interested in awards, contests, cardswaps, also ancient history and archeology, hope to make some pen pals. I heard about NASA from member Ferdinando Martino, Sr."

Robert Krasnoff, Wyncote, Penna. "Am 15 and a junior in highschool. My rx is a Gonset 212 with a longwire antenna. Also have a Webster-Ekotape recorder. I like to DX on the BCB, SWBC and Utility bands, Have 17 QSLs so far. Besides DXing, I am interested in ESP, coin collecting and art. Read about NASA in Radio-TV Experimenter."

L. Charles Gerran, Jamestown, New York. "Age forty-six, am an amateur musician, play the trumpet, have mny recordings of Dixie-Land jazz and LA music. Speak some Swedish and Spanish. Shack here contains Starlight 8 bander, Channel Master 3 band and a Loyds AM-FM, each have own anetnna (built-in). DX the BCB and SWBC, mostly latter and have so far rcvd 20 QSLs. Am member of NNRC, ASWLC and DXI. Read about NASA in EI."

Robert Langevin, Montreal, Quebec, Canada. "Have been an "off-on" DXer-SWL for several years, but of late have taken more interest in the hobby, still vocation disallows me to be as active as I would prefer. Rx here is a Marconi SMR3 and I use a 90' longwire antenna. Age is 23, am single and interested in stamps and photography. Read about the club in WRTH and decided to join because I like Trendx better than other club bulletins.

Steve MacArthur/VE2MJX, Baldwinsville, N.Y. "I am 15 years old and a junior in high school. Have been DXing on a Hallicrafters S-120 since 1962. Main interest is in SWBC, but I also have recently become interested in hambands and BCB too. My antenna is a 40' inverted wire. Other of my interests are contnets, awards, coins and golf. First hrd about NASA from member/friend Phil Zucchi."

Grant Wennerstrom, Davis, California. "Am quite new to the hobby, been at it only about 3½ months so far, so I have lots to learn. Am 14 and a sophomore in highschool. Rx is a Knight "Star Roamer" which I built and I use an 85' longwire antenna. I monitor SWBC, but hope someday to become a ham. Other interests are awards, contests, most sports, and tropical fish. Read about NASA in Radio-TV Experimenter."

Marvin Nelson, New York, New York. "I am a young oldtimer of 13 and have been SWLing for a year. I like SWBC and Hambands. Have hrd 58 countries but only recently started collecting QSLs of which I have 7. Rig here is a National NC-121 and antenna is Mosley SWL-7 trap dipole. Am interested in contests, awards, stamp collecting. Am member of the ISWL. First heard about NASA in Electronics Illustrated."

Peter DeHart, Middletown, Penna. "Age here is 15 and have been SWLing for 2 years. My rx is a Lafayette Exploraire which I built from a kit; I use a 50' outdoor antenna. Am vry interested in awards and contests and I like baseball. NASA is my first club and I read about it in Radio-TV Experimenter."

Mike Scott/VE2PE1IY, Roxboro, Que., Canada. "I am 15 and in my thrd year of highschool. Have been DXing BCB, SWBC, ARO bands since May '64, but am only recently taking a more serious interest. Have a combined total of 66 QSLs to date. My gear consists of a GR91 (Heathkit) and a Nordmonde Stradella, HD-11 Q multiplier; Antenna is a 40' longwire. I am interested in contests, awards, cardswaps, stamps and astronomy. Belong to CDXC, read about NASA in the 1965 edition of PE Communications Handbook."

Marion K. Ely/WPE4IJO, Delray Beach, Fla. "I just started in SWLing last December due having to be in bed six weeks from a stroke and now diabetes. In a way, SWLing itself is a disease too, that is if it gets to you as it has me, (but not my husband!) Hi! I've joined ISWL and the RCSWC, also NASA now, and read everything I can get my hands on re the hobby, in hopes to learn what I can about it. Rx here is a National NC-190 with a Mosley SWL-7, and a Zenith TransOceanic. Since my strength and time is hampered and the doctor tells me not to take notes, just listen, I'm unable to be as active as I would prefer. Then too, we have three children, two girls, one boy...and ten grandchildren! Yes, I'm an "oldtimer"...born in 1902. Am pleased to join NASA via William Strait."

Mike Martin, Roanoke, Virginia. "I am 17 and just getting started in the hobby. Mainly interested in DXing SWBC, awards, contests. Also enjoy sports. My rcvr is a National NC-66 and I use the RDF-66 directional antenna. I am sure the club and bulletins will add to my interests and make the hobby more enjoyable. Read of NASA in RTV Experimenter!"

Erich Soentgerath, Newark, New Jersey. "I am 52 and interested in radio as well as electronic experimenting. Am practicing for my novice ticket at present and hope to go on to my general afterwards. Am married, vocation is chemical engineer. Rx is Hallicrafters S-120 and I use an indoor antenna. DX interests are ARO and SWBC, other interests are surf fishing, good music and reading. Read about NASA in Radio-TV Experimenter."

Joe Sabo/WPE7BTZ, Seattle, Washington. "At 15, I started SWLing in 1962, am single. Was Boy's Club President in school last year (Junior Highschool!) and this year hope to get a radio club started there also. Prefer hambands, but also listen to BCB. Set up here includes a Hallicrafters SX-110, Arai-H6ACE, a 33' dipole and a 67' doublet, also have a Comm-rx covering 148-175mc. Interests are QSLs, awards, contests and also photography and collecting auto license plates. First read abt NASA in Electronics Illustrated."

SP4 Robert E. Hayes/K1DRG-WPE1WN, APO San Francisco. "Have been SWLing since '54 and a ham since '57. Cant operate*now at present location, so concentrate activities to DXing SWBC. Hope to contribute worthwhile info from here for bulletins. Am currently using a 12 transistor rx which cover 3SW bands; I use a horizontal endfire array, ground response 13-25 meters, antenna. Plan a better rx soon. Other of my interests center around math and languages, also like tennis. Incidentally, being a native of Massachusetts, I extend kudos to reporters-fellow members Zecchini and Zucchi for their contributions to SWBC Center! As for my first info on NASA, it was in PE sometime ago, but more recently read again of it in 1965 edition of PE Communications Handbook." (*as ARO!)

PFC Steve Bohac, APO San Francisco. "Am most pleased to join NASA and be able to keep up with my hobby interests...sorta like having an old friend back home. I'm somewhat limited here at this QTH, rx is a Hallicrafters S-120 and antenna is anything I can rig up. My SWL/DX preference is in SWBC. Incidentally, my stateside QTH is Fairview, N.J., but am currently with Uncle Sam's Army Signal Corps. Being it takes about a month for ordinary mail to get here, I humbly request Frendx be sent me via air. Oh yes, I read about old NASA in recent copy of Electronics Illustrated. Glad to be aboard!"

Nick DiGiorgi, Jr., Ansonia, Connecticut. "Ago here is 18 and I am an electronics technician. Am presently trying for my ARO ticket, have always been an SWLer. Shack here contains a National NC-57, a homebrew, a VTVM and an oscilloscope. Antenna is a 100' longwire of #24. Am interested in awards, contests, cardswaps, experimenting in VHF/UHF and repairing radios, TVs. Other interests include coin collecting, stereo/hi-fi, auto racing and sports. Am single!
