RADIO  
CBS

A nighttime photograph of a modern building facade. The building is illuminated from within, casting a warm, golden glow. The facade features a large section of perforated metal panels with a circular pattern, which allows the interior light to shine through, creating a textured, glowing effect. To the right of this section, the words "KMOX RADIO CBS" are displayed in a bold, black, sans-serif font. The building is set against a dark night sky, and some bare trees are visible in the foreground and to the right. The overall atmosphere is modern and architectural.
