Dear Sir,

We have very great pleasure in forwarding a QSL card in return for your interesting letter.

This Station is on the air daily from 0430 GMT until 1730 GMT with an Arabic programme. It can be recognised by its signature tune consisting of 19 notes of Arabic music followed by the announcement "Mahattat Asharq Al Adna".

There is also a test programme in English on Saturdays from 1800 GMT until 2200 GMT.

Any further reports on these programmes will be very welcome.

Yours sincerely,

Roger Legge Jr.,
