# THE JOYBELLS of GLADNESS . . .

These bells ring out every Sunday to introduce Edward Startz's four ninety minute programmes consisting of light musical entertainment linked by his polyglot announcements.

The programmes are interspersed with short features of topical and universal interest, educational quizzes and optimistic patter accentuating the brighter side of life.

Each transmission carries the popular "nice cup of tea" mailbag feature with personal calls to listeners all over the globe.

Since its inception in 1928 - with exception of the war years - 1956 marks the 28th year of the Happy Station's worldwide broadcasts, containing "something of everything for everybody".

- Good luck and good listening! -
