*Front View of the 'External' Building at Ikoyi, Lagos, where VON programmes are being planned and produced.*

## VON-15th Anniversary

With the attainment of Independence in 1960, it became crystal clear to the founding fathers of our new nation that in addition to the existing Home Service broadcasting, an External Service was not only politically expedient but also desirable, if Nigeria was to be more than just a geographical location on the map of the world.

And so, Voice of Nigeria (VON), the International Service of the Nigerian Broadcasting Corporation, came into being in 1962. The first broadcast on this service was made on New Year's Day, January, 1, 1962, by the Prime Minister of the day, Alhaji Tafawa Balewa who also christened it, VOICE OF NIGERIA.

Our programme policy on Voice of Nigeria (VON), has been to project the personality, culture and traditions of the people of Nigeria to the outside world, and also to broadcast news and programmes of international significance in keeping with the foreign policy of the Federal Republic of Nigeria.

As a first step towards achieving its objectives, VON, has since its founding been broadcasting its programmes for about 9½ hours daily in four major languages, namely: ENGLISH, FRENCH, ARABIC AND HAUSA.

Transmitting in the 19, 25 and 41 Metre Bands on frequencies of 151185 KHZ, 11770 KHZ and 72775 KHZ respectively, Voice of Nigeria's target areas cover Europe—and the Mediterranean, East Africa and the Middle East; West Africa, Central and Southern Africa.

Under our country's Third National Development Plan (1975-1980), a total of over ₦54 million is being provided for what has become known in official circles as the "Radio Development Project." Voice of Nigeria is an important part-beneficiary under this Project. Plans are under way for the "extension of its building to make room for more studios and equipment," and also for the installation of four additional 500 KW transmitters which will cover more effectively all the target areas of the service.

# Heritage

A country of over 374,000 square miles in land area, the most populous Nation in Africa, with about 250 ethnic groups and tongues and diverse backgrounds and descent—that roughly is Nigeria. Though the years and the impact of the Twentieth Century with Christianity, Technology, Urbanization and Western ways may have eroded the grip of some customs and traditions, and dulled the glow of the past, there is still enough of Nigerian **TRADITIONAL HERITAGE** to convert the sceptic, overwhelm the foreigner and give every Nigerian justifiable pride of being heir to a rich patrimony.

People often tend to over-emphasise our differences and forget our many similarities. In this series, you can hear details of Nigerian traditional ways of life which bind us together as a people for example, the Names we bear and what they mean, our marriage and burial rites, our masquerades and our traditional respect for age

Heritage—a quarter hour programme is broadcast on  
Sunday 16.00 GMT with repeat on  
Saturday 08.15 GMT.

## **BLACK SOCIETY**

In a weekly 15 minute talk, we'll try to bring you up to date with facts about men, events and achievements through decades of what might be called the black revolution. We will delve into the historical archives, look back on the African diaspora, re-examine themes, philosophies and ideologies and re-tell tales of black valour and heroism.

'BLACK SOCIETY' will be broadcast on Sundays at 15.45 GMT and Thursdays at 19.10 GMT.

## **BOOKSHELF**

Literary works on and emanating from Africa are ever growing, ever expanding. African writers are striving onwards, achieving new goals and opening up new vistas to an appreciative world. The Plays of Playwright, Lewis Nkosi, Nigerian Dramatist, Wole Shoyinka and some other sons and daughters of Africa have thrilled audiences far removed from Our Continental Shores. The Novelists, the Poets, the Historians are all receiving equally well-deserved world acclaim.

In OUR CONTINENTAL BOOK-SHELF we shall strive to bring you an in-depth examination of African literature. We shall critically review works on Africa or by Africans, and also bring you profiles of established or emergent African writers.

In OUR CONTINENTAL BOOK-SHELF we shall keep you abreast with our continent's literary aspirations. Broadcast time is 16.00 hrs. GMT on Thursdays and 18.00 hours GMT on Fridays and Tuesdays 08.05

## **COUNTRYSIDE DELIGHT**

To know more about Nigerian music played without any formalities, "Countryside Delight" is the appropriate programme to listen to. It's witty, and full of light anecdotes of indigenous origin.

Producers of this programme have gone all the way to make it as lively as possible. They have got the best possible materials to make this programme a real countryside delight.

**BROADCAST TIME IS TUESDAY AT 18.45 GMT AND THURSDAY AT 15.45 G.M.T.**

## **OUR MUSIC**

This is a programme that has to do with the various types of instruments, the performances, and their historical backgrounds. It gives the listener a quick look into our past in the field of culture.

The population and size of Nigeria is enough to give one an idea of the diverse cultures

and languages the Country has. This is also reflected in the music of the Nigerian people. This quarter hour programme gives you a taste of the ingredients that make up "Our Music."

Broadcast time—07.45 and 16.45 GMT Monday to Saturday

### **MUSICAL ECHOES**

An authentic quarter hour musical programme which brings reminiscences of the great FESTAC that took place in Nigeria between January and February, 1977, when artistes from the Black and African World met in an unprecedented cultural fiesta to present their rich cultures in all its forms and varieties.

With 'Musical Echoes' we shall show that good art is indestructible, and that ancient civilization was more communicative and expressive in musical form.

'Musical Echoes' will be on the air every TUESDAY at 07.45 GMT with a repeat broadcast on FRIDAY at 18.15 G.M.T.

### **RETROSPECT**

The rate at which events occur and developments take place in Nigeria today is an index of the country's steady march forward to progress. In Nigeria, very important happenings are not difficult to come by these days, therefore the scene can be nothing but busy and exciting.

'Retrospect' is a quarter-hour weekly news magazine in which we bring you news, reports and analysis of the week's events and developments in Nigeria.

Times of Broadcast:- Friday 07.45 GMT and 15.45 GMT. Repeat 19.10 GMT

### **IN A LIGHTER MOOD**

This quarter hour session of Music, humour, chit-chat and songs continues with Dr. Samuel Ekpe Akpabot in control. Sam, as he is fondly called by his numerous friends is a lively chap who thoroughly enjoys swapping jokes, humorous anecdotes and witty wisecracks. He is pleasant company anywhere anytime. But Sam, is a well known Nigerian musicologist with a repertoire of internationally accepted works to his credit. He is at present Associate Professor of Music in the College of Education, Uyo in Nigeria's Cross River State. And so, "In a Lighter Mood" just brings you a lighter shade of Sam. Let's find out this lighter shade by keeping a date with Voice of Nigeria and Dr. Samuel Ekpe Akpabot at 07.40 and 16.15 GMT on Sundays and 15.45 GMT on Tuesdays. I'm sure you'll be glad you did.

### **PROGRAMME: IMAGES AND RHYTHMS**

Throughout the length and breadth of Nigeria, both the Culture and the people's social organizations display an almost endless variety of forms—a fact that raises many questions and suggests numerous hypotheses. But one Culture is however not relative in its import to the other.

So in 'Images and Rhythms' we shall attempt to make an indepth study and exposition of the music, dances, ways of life and modes of living of the various ethnic groups that make up the country. In short "Images and Rhythms" will be a kind of profile on the people of Nigeria.

The programme "Images and Rhythms" will be broadcast on Sundays at 18.00 GMT with a repeat on Monday 18.00 GMT.

### **WISDOM OF OUR FATHERS**

In some Nigerian gatherings, it is almost impossible to talk at all or understand what is being said except one is versed in the idioms and proverbs of his people. And, in traditional Nigerian Society, a man's reputation as a good speaker, a wise ruler, judge, or a successful politician depends to a large extent on his ability to use proverbs. That is why Nigerians have high regards for grey hair, which is a universal symbol of "Age" and 'Wisdom.' In our programme, "WISDOM OF OUR FATHERS" we examine some of the wise sayings; thoughts, observations and actions of our fathers which with time became proverbs and always come in handy to generally enrich conversation.

'Wisdom of our Fathers' can be heard on Mondays at 08.20 G.M.T.

## WEEKEND MAGAZINE

This is a half-hour programme of news, reports and essays on current events and developments in the social, cultural and economic life of Nigeria. In other words, any subject under the sun can be expected to be found in our 'Weekend Magazine.' The programme will regularly be spiced with actuality recordings of events and voices of people in the news.

Times of Broadcast:— Saturdays 15.45 G.M.T. and Sundays at 07.00 GMT.

### "FREEDOM – OUR GOAL"

True Freedom lies in the right of a people to self determination which in itself, is a God-given right. But contrary to this natural principle of justice, and contrary to the solemn "Declaration of Human Rights" and the international Covenants on Human Rights of 1966, there still abound areas of the world where the indigenous people, inspite of their vast majority are subjugated, suppressed and oppressed by foreign minority elements under the most excruciating forms of apartheid and racial discrimination.

Today however, more than ever before, the African peoples are determined and poised to free themselves and put their destiny in their own hands.

For the struggle, these freedom fighters need not only courage and determination but also financial support, but more than all these, they need sustained moral support. This is what "Freedom – Our Goal" is designed for.

FREEDOM – OUR GOAL is broadcast every Sunday at 08.00 GMT and 16.45 GMT with a repeat on Saturday at 06.05 GMT

### NIGERIAN COMPOSERS

Perhaps it is true that Nigeria, more than any other African country has produced more Composers in the serious vein. With names like Fela Sowande, Akin Euba, late Ayo Bankole, Samuel Akpabot, Adam Fiberesima, who have studied the art of writing music in the universally accepted way, Nigeria can boast of composers who have satisfied music lovers on the international scene. The main attraction in the orchestral works you'll hear, is the usage of ancient and contemporary Nigerian folklore performed by orchestras from all over the world thus breaking through many barriers with only one weapon, and that is the language of expression.

The programme 'Nigerian Composers' will be heard once a week on Wednesdays at 18.00 hrs. G.M.T. with emphasis on the full works of leading composers.
