

Radio stations and DX-ers say this about the WRTH

»... in fact we know of no other publication that contain such complete, detailed, and accurate information on all international broadcasters«.

Voice of America

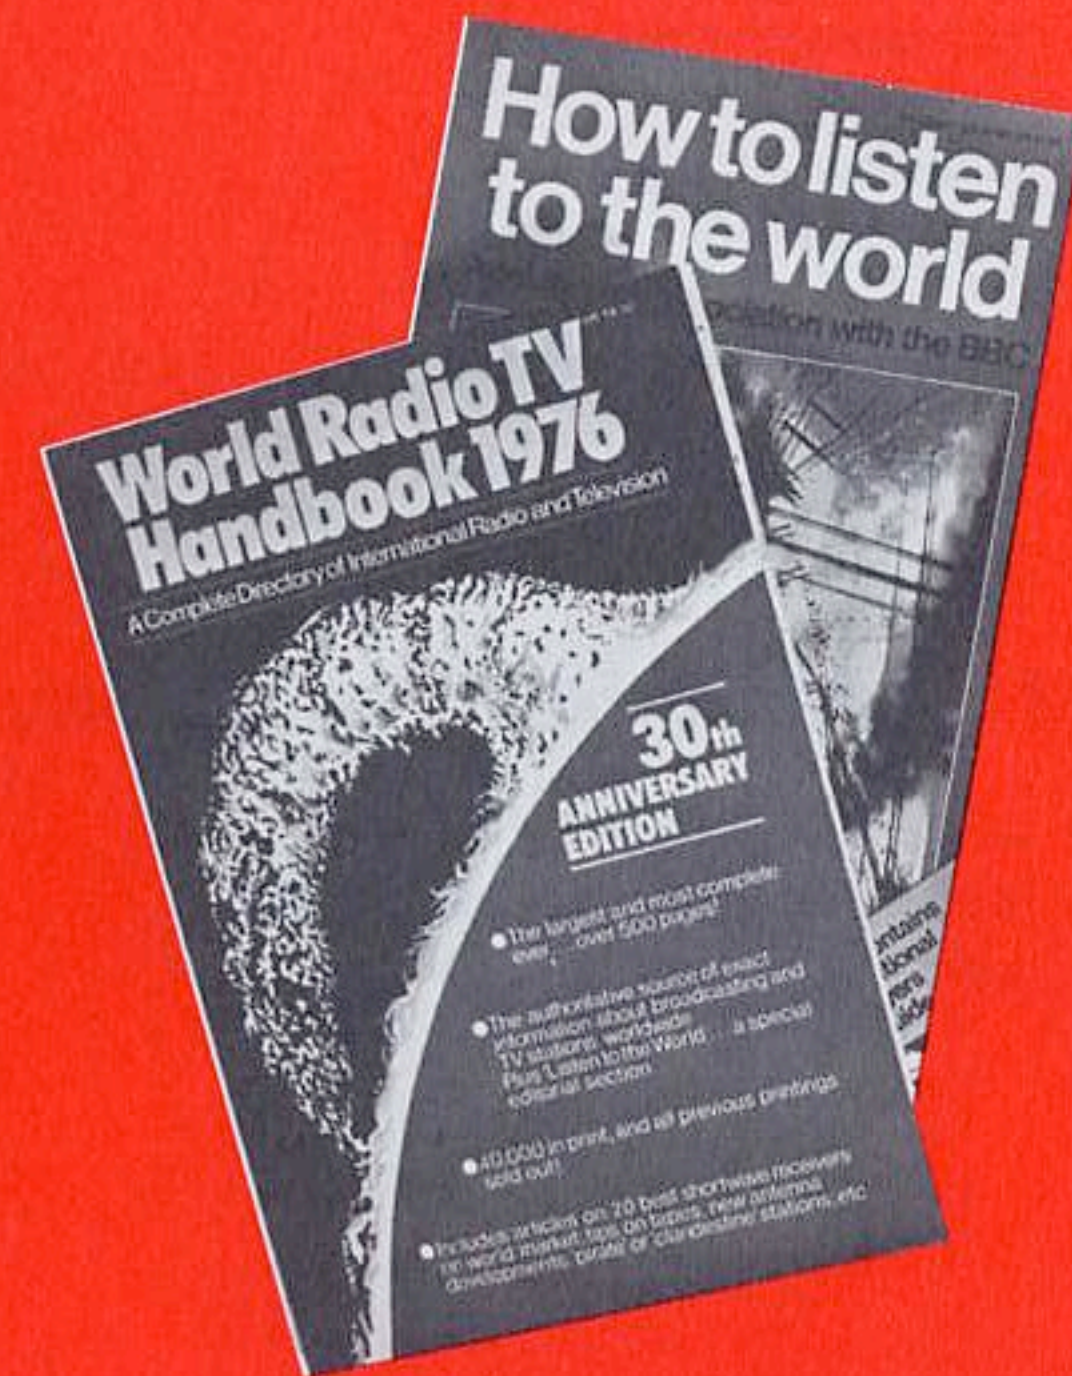

»Those of us that have been in the business of international broadcasting during the last quarter century look upon World Radio TV Handbook affectionately as a friend...«

R. E. Gregson, BBC

»The WRTH gives you the broadcast world as it is! There is no other publication like it«.

Jan Tunér,
DX-er from Sweden

»How to listen to the world«

the guide to international broadcasting is now incorporated as a bonus in the WRTH.

Containing specialized articles such as:

- **Technical planning of a short-wave service.**
- **Relay stations.**
- **The progress of the off-shore stations.**
- **Broadcasting in Indonesia.**
- **The Beverage Antenna.**
- **Frequency Selection**
(by Roger Stubbe from HCJB)

and a must for everybody

- **A presentation of the 20 best short wave receivers on the World Market.**

What is the frequency? How can I reach the stations...?

WRTH tells you...
