# VOICE OF AMERICA

## 25TH ANNIVERSARY

The Voice Of America is celebrating its 25th Anniversary. Those born at the time of its inception are now old enough to sift the wheat from the chaff. To combat the one-sided versions of events, the Voice of America broadcasts 800 hours a week of every thing that happens, as it happens. There will be no monopoly on news, as long as the Voice of America carries on.
